PRESIDENT'S COLUMN:-

Thank you for electing me as your President for the coming season. I will aim to maintain the high standards that has been set by previous Presidents and improve where possible. This also applies to my committee for the coming season.

To make the committees job more enjoyable, we must have the feedback from club activities, such as field day - drycasting and socials which the club runs for your benefit. If you think there are problems with the system or improvements that can be made, let the committee know about it so we can do something about it - thus improving our club.

One of the problems that occur on committee is the finding of suitable instruction periods. If you have or want a certain instruction period let myself or the committee know about this so as to put your ideas into action. My aim in this area is to have a program of instruction periods for the season.

Our A.G.M. was well attended with all committee positions being filled. My thanks to those members who offered their services for the coming season, and would like to see you the members back the committee you have chosen.

One item that will be coming up at the next General Meeting for your recommendations is the venue for our next Annual dinner and dance night. This item along with the band are booked early in advance so please give some thought to this item members.

Thats all for now, hope to see you at next months drycasting - General Meeting or our Rottnest field day.

FIELD DAY REPORT - JULY '84

Graham and I arrived at the designated sign on area at about 11.15am to find a small group already there, Leigh, Well, Ron, Debbie and Marcia (a visitor) accompanied by Ian Cook and a pack of face eating dogs (apparently the smallest of the dogs a pup) took a shining to Ian's nose while in his sleeping bag on Friday night (Lucky it wasn't Boofy).

Slowly but surely the multitude arrived until we had a seething throng of about a dozen people all clamouring to put their dollars in the bag and leave to their chosen haunts, everyone that is except Tony D'Alonzo who wanted to wait another few minutes for any late arrivals (anyone know's he'd rather socialize than fish). At about 12.15pm we cut the leather strap and let him go, the happy look returning to his eyes immediately.

Peter and Sharon (kidless) took all the rubbishing about their dirty weekend in their stride and then took off not to be seen until Sunday by anyone (probably went somewhere to be alone for a dirty weekend) with the weather we were in for, half their luck!!

Ric and Brian, setting the example arrived 10 minutes late (good job Tony "D" forced us to wait).

Reg and Ray slipped quietly in and out and were never seen again (probably the weather upset them a bit and they went home, don't blame them one IQTA).

The business side of the Field Day was fairly ordinary (details elsewhere). Once again there were no big fish to speak about (.73 KG. Skippy was the one to beat). I must make mention of Philomena D'Alonzo's magnificent bag of Skippy which all but failed to knock the other half off her pedestal. (I reckon he pinched a couple of her's in the middle of the night). Well done and tough luck Philomena but we can't offer you any advice on how to best him because you come closer than we do already).

In case you haven't gathered T.D. again weighed a good bag of over 17 KG. to take off the day. I've heard of fishing being 1/10th luck, 5/10ths luck and 3/10ths luck but now I know Tony my ideas have firmed that fishing is 10/10ths dedication to catching fishing and this guy's got it. Good on ya mate.

The wind blew, the rain fell and we all (All?) had another great time. See you at Potto.
