CLUB ETIQUETTE AND MEMORANDA

MEETINGS

The monthly General Meeting is usually held on the second Wednesday of each month at 8 pm. All members should endeavour to attend the meeting so as to keep upto date on club matters.

DRYCASTING

Casting is usually conducted on the first Sunday in the month. Here instruction is given to new members and a competition conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each General Meeting on the ensuing weekend. Signing on and weigh-in is compulsory and failure to do so may mean the loss of all points for that Field Day.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with Recorder within thirty (30) days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

If for any reason you intend to resign from the club, please send a letter of resignation to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Members may lose their membership if payment is in arrears for 3 consecutive months.

PRESIDENT'S ANNUAL REPORT 1984-85

Members,

This season 1984-85 has been a favourable one for the club. Your committee has performed well, looking after all the club's interests. Ideas were put forward by the members and were carried out during the committee meetings.

COMMITTEE:-

This season Tony Richardson held the positions of Vice President and Field Day Officer. Tony didn't receive the backing of members in the form of members attending the Field Days. This was most frustrating for Tony and his assistant Graham Reeley. But all up they have both tried their best.

Our Secretary, Don Bibby has done a very good job, many thanks to Don for keeping correspondence up to date. Thanks must also go to H. Hew and Sid Whiting for stepping in when Don could not attend meetings, due to work commitments.

Our Treasurer, Ron Wintle always on the ball has again proved his worth to the club where many matters are concerned. Thanks Ron for a good effort.

Drycasting this season was run by Sid Whiting and assisted by a new committee member in Malcolm Hoad. Both have made a great effort in the preparation of casting days but have experienced poor attendances the same as Field Days.

Recording this season was done by John Keeley, and he has been a recorder before and has carried out his task well.

Reel Talk editing was carried out by Owen Wintle, who has applied himself to the job and put new ideas into Reel Talk. Owen enjoys this position and works hard at making sure the Reel Talk is always out on time.

Dick Stevens a man of many talents was this season our Librarian. Dick has kept the library books in order and offered many constructive ideas at committee meetings. A good person to have on the committee.

(Contd/.....2.)

Kalbarri property has once again been looked after by George Holman. George has looked after bookings on the house and helped to arrange busy bees to keep the house in good condition. George has been keeping in touch with matters concerning A.A.A., and reporting back when matters apply to our club.

Peter Osborne was this season Immediate Past President, and has assisted when asked regarding all matters concerning the club.

Due to the resignation of Steve Sutton as Social Organiser and the committee not being able to find a replacement, Joe Curulli came on the committee as a general committee member and has helped out when required on the committee.

One person who stays in the background, but is there when required is our Auditor, Bob Klein. Bob has held the position now for 23 years. I can remember when I first joined the club, Bob gave a detailed Audit Report at the A.G.M., and this is still evident with the reports he gives us today.

Your committee this season has worked well as a team and I am proud to be part of that team.

CLUB ACTIVITIES:-

Annual Dinner & Dance

The club's Annual Dinner & Dance was a great success, with approximately 93 members and their friends in attendance. A most enjoyable time was had by all. As was earlier said, the committee and some of the general members did all the preparation. Two people stood out, Ron Wintle and Peter Osborne for the amount of work they did in getting members to come along, thanks Ron and Peter for your efforts.

Trophies played an important part at our Annual Dinner & Dance. These were generously donated by the tackle trade and also members of the club. This was most appreciated by myself who had the task of collecting the trophies.

(Contd/.....3.)

AUSTRALIAN NATIONAL ANGLING CHAMPIONSHIPS:-

This year our State conducted the above championships - which were held at Bunbury and run by the Australian Anglers Association. Many members of our club were involved in the different competitions held. Our club managed to win all sections of the drycasting, which was a great achievement. Our casters also won the State and Southwest Drycasting Championships.

Drycasting is only one of the activities of the club. Our beach anglers also contributed down at Bunbury, there being more than 15 members. These members fished, ladies, men and juniors in both beach and estuary. Congratulations to all members who participated and upheld the name of Surfcasters. Our club had the biggest contingent from our State also. I have left this important point to the last, our club had the honour of one of our members being State Captain this being Peter Osborne. Congratulations Peter.

FIELD DAYS AND DRYCASTING:-

Both these sections of the club have been very poorly attended this season. It is up to you the members of the club to do something about this important matter. Both Tony Richardson and Sid Whiting have put the effort into their sections, now the members must do the same to make these positions a more enjoyable job.

KALBARRI PROPERTY:-

Our club house at Kalbarri is in a very good condition, the busy bees that are held make sure of that. Recently the whole inside of the house was repainted and minor repairs carried out. Due to deterioration of the present drainage system at the house, the committee is looking at going on to the town sewerage system. Other items of importance to be done are, shower screen and recovering the bathroom floor with vinyl and mosaic tiles. I would like to thank all members who have donated odds and ends for the house and those who have been able to attend the busy bees.

(Contd/.....4.)

CLUB MEMBERSHIP:-

Our membership this season has remained steady. We have often talked on committee about trying to get more members. This will have to be a project for the committee to concentrate on.

FUTURE OF THE CLUB:-

This season I have seen the emerging of the individual. What I mean is single member and groups, doing their own thing and not fitting in with the general running of the club. This I must say, I don't want to see continued because it is very bad for the club.

The club activities seem to be attended by the same people all the time and these people always do the setting up every time. This is not good for the club.

Members it is up to you, to attend club activities, help where you can. Don't be the type of member to sit back and do nothing. If we all pull together, we will be a strong club in the future.

RIC PARKER  
PRESIDENT

PROPERTY OFFICER REPORT

The scheduled working bee for the 31st June - 1st July at our cottage in Kalbarri has been completed. The inside has been completed. The inside has been painted throughout (cupboards, doors, ceilinge and walls) and now looks sparkling. A few repairs were also done as well as an entire spring clean in the yard.

I would like to thank the group of people responsible for organising and doing the work on this project.

Firstly a new club member is Mr. "Blue" Wray. Blue had a holiday at the cottage just prior to the working bee and being a qualified painter literally organised all the paint, materials etc., and the work required. A great effort!!!

Bob Fredericks for donating most of the painted required. A big help. Blue Wray also donated paint for the job.

Jack Harvey and his wife Phil and Phil Neri who went up a few days earlier and took up trestles, brushes, rollers, etc. They prepared the job, filling and undercoating where needed and made the work for the main party a lot easier. Jack was second-in-charge of painting and Phil Neri in-charge of the outside work and both did a bloody good job. They stayed on a while longer after the week-end and organised another project for us. Many thanks.

And now for the main workers - "Curulli's Crew"!! Joe Curulli (job supervisor/foreman), Eric Parker (whose vehicle we travelled in), Peter Osborne (who supplied his trailer etc.), Malcolm Head (chief all-rounder) and myself (cook and bottle washer). Thanks fellers.

Just a note:- Whilst we were working an old ex-President Bob Tickbon paid us a visit as he was enjoying a holiday in Kalbarri with his wife. At that point it was realised that we had four ex-Presidents present (Bob Tickbon, Jack Harvey, George Holman and Peter Osborne) and our current President, Eric Parker.

KALBARRI (WORKING BEE)

Leaving Perth we had quite a smooth trip, no real problems apart from a few closely watched kangaroos

Arriving at Kalbarri about 2.30 am, we set about finding some where to crash for a few hours. Peter and George claimed the bunk beds in the lounge room for reasons unknown to me. I soon found out, you see I didn't know that Ric could play Beethovens complete fifth symphony in one tone (snoring).

Next morning we set about working on the house. After being evenly split up, George, Peter, Malcolm, Jack Harvey and I started on the painting while Eric and Phil Neri cleaned up outside. It was a bit hard to get started at first, but when we thought of that trip to Frustration that afternoon it helped to get things rolling. That afternoon after we finished work we packed our fishing gear and headed upto the top of Chinamans to check out the water. We found the waves coming through were about 10 to 15ft. high, and feeling lucky we thought that was close enough and headed down to the launching ramp. Once across there, we casually went about setting up things.

Thinking it was still early, Peter and George were first in the water. It wasn't easy casting, you'd have to wait until the swell calmed down, race out to the edge, cast and race back, meanwhile the water was breaking all around you. It wasn't long before Peter had a fish on his line. After about 20 minutes Peter had it on the rocks, and was assisted by the professional Gaffer, Eric. It was a Mulloway and weighed in at 32 lbs. Congratulations Peter. I'm sure that this one will be heading in for the open section. About an hour later, Malcolm seemed to be hooked on the rocks (who wasn't) and with a bit of patience, a tug here and two there, he finally got it free only to find a small Wobbie on the end of it, well done Malcom and did it taste good. We kept fishing until dark, but to no avail. George, Eric and I were going to go home empty handed, but still it was good to get a line wet. Back home we had a barbecue and ate half of Peter's Mulloway and sampled some port,

Sunday morning we finished off any bits and pieces we had left over. After saying our goodbyes to Jack and Phil Harvey and Phil Neri. we were back on the open road heading back towards Perth. All in all we had a good weekend and completed what we set out to do.

Looking forward to the next trip.

JOE CURULLI

JULY FIELD DAY - PRESTON BEACH

Saturday started on a fine note with plenty of rain and a few ducks in the paddocks on our way down to Preston. But things started to improve when we arrived, the rain eased off and I saw a few familiar faces around. On closer inspection I noticed that S.C.A.C. members were everywhere from our older members to our younger members.

After being signed on and boundaries set, everybody went about trying to catch fish, but it was a bit hard as there wasn't to many around.

Just as it was getting dark a strong cold south westerly set in and everybody packed their gear and headed back to camp. We all congregated around the barbecues for something to eat and then came out a variety of Ports, Wines and Beer and some of the older members started the ball rolling with some of their younger day stories. Soon everybody was in the swing of things. It was a good Club atmosphere and gathering.

Sunday morning there was a few more fish around for those who were fit enough to fish. All in all it was a good weekend and may be the fish will be waiting for us at Rottnest. There is only one way to find out.
