DECEMBER GENERAL MEETING:

We had quite a good roll-up for our December meeting which started at 7.30 p.m. so our barbecues etc. would finish at a reasonable time for the young fry. Brian made mention of Selwyn Brown's suggestion of nominating a particular fish for a Field Day. It was viewed favourably by the Committee and decided that further investigation of this matter would be warranted for next year's field days, particularly from a fish conservation point of view. Committee will have to do their homework on this subject and return their findings back to the members.

Our F.D.O., Tony Richardson, reported on November field day, with heaviest bag going to Jim Strong (about time too!), heaviest scale fish to young Chris Waddams, and heaviest junior bag to Mark Flynn. Peter Conroy, our D.C.O., reported poor attendance, a total of 24, at the December drycast. About normal for around Christmas time. Nevertheless, good results were recorded, with Stan Renshaw taking top honours of the day. The Latto family were well to the fore, young Troy- junior winner and father Dave a Club record in the S=H Open event with a cast of 99.5 metres. Congrats Dave! And Hewie won a bottle of wine donated by Trevor Stam for highest score in D/H accuracy.

Casting Clinic not so very well attended this year, approximate total of 20. Seems we had some trouble with advertising and the Christmas Pageant was also on the same day. Still, if we get a few new members from this attendance, it will have all been worthwhile. Pres. Brian & Peter Conroy gave thanks to all members who assisted, with special thanks to Tony Richardson for the magnificent signs he displayed on Alexander Drive and Wordsworth Avenue.

It was decided by Committee that the Drycasting teams for the South West Championships shall be selected by ballot. This event will be conducted by the Bunbury Angling Club on Hay Park in Bunbury, weekend 2nd and 3rd February 1980.

George Holman gave a report on A.A.A. progress with herring campaign which is at this date, still being pursued. We have heard a report of virtually tonnes of herring netted and carted away by the truck load. If we can get some verification on this point, it would certainly add weight to this campaign. Jimmy Strong, on behalf of A.A.A., wished the Club the very best for Christmas and the coming year, and made special mention of the work done by our A.A.A. delegates. He also brought the point forward that he would like to see some of the younger members becoming more involved in the running of their Club.

Ron Kildahl was the winner of the \$2 note which he donated to the Building Fund. The meeting closed at 8.25 p.m. which must be some sort of record, and from this point on, the members enjoyed themselves with their normal Christmas get together and barbecue.

Happy New Year.

K & K

P.S. December Committee Meeting voted that we revert to our old method of selecting D.C. teams. i.e. Best average over last (6) casts.

DECEMBER CASTING REPORT:

Club members must have decided this was to be the day off on Sunday, 2nd December as only 20 seniors and 4 juniors fronted up to cast on a nice day with a slight breeze to keep us cool.

Scores were good with honours going to Stan Renshaw for the first time this year with a fine tally of 125 points, good casting Stan. Troy Latto won junior section with 67 points and George Holman managed 151 metres to record the longest cast of the day. L.L. Distance scores were good with George on 44 followed by "Jester" Leicester on 41 together with Hewie.

D.H. Accuracy saw Hewie in fine form with 54 points. That would be his best accuracy score in a long long time, well done Hew. Stan on 51 was second with Gary & Phil on 49. Phil cast well to get 28 pts in S.H. Accuracy together with "Killer" Kildahl. Stan in 3rd spot with 27 points.

Seems everytime I split the boys- Phil & Alby- Phil comes up with top scores??? What's the secret Alby?

Our open event, S.H. Distance, saw a new club record of 99.5 metres go to Dave Latto. Congratulations Dave. The old record of 97 metres set by George in August 1977 was hard to break. George equalled his old record but not satisfied with that requested a special cast to prove a point to himself that he was only pussy footing around, cast 100.6 metres which was a fine result as it broke the 100 metre barrier. Well done George. This will be submitted as a State Record with the A.A.A.

Our next cast is January 6th at 9 a.m. Usual events plus D.H. distance open event. Dust the cobwebs off your rods and come join us in an enjoyable morning's casting.

Thanks to Trevor Stam for donating a bottle of wine for the highest score in D.H. Accuracy for December which was duly won by Hewie. Goes to show what some incentives do to certain persons.

Don't forget to enrol for the South West Casting Championships at Bunbury. The weekend is a great way to relax and enjoy yourselves, meet a lot of people.

A cabaret is arranged for Saturday night and a barbecue on Sunday for lunch. I have entry forms so see me soon. Remember the date, 2nd & 3rd February, 1980.

Regards, Peter Conroy

Two unemployed Irishmen were making camp for the night on a deserted building site.

"Hey, what do you want with that length of drainpipe you're carrying?"

"Tis I'm going to use it for a pillow".

"Sure t'would be as hard as the hob of hell."

"Is it a fool you take me for? I'm going to stuff it with straw first."

An old timer stopped in to see a movie for the first time. At one point in the feature a bevy of shapely girls dashed across the screen. They crossed a railroad track, reached a swimming pool and began to disrobe for the plunge. They had taken off their shoes and stockings and skirts and blouses when a passing freight train sped across the screen and obscured the view. When it had passed, the scene showed a distant view of the girls in the water. The oldtimer saw the show again and again. At length the usher tapped him on the shoulder. "Aren't you ever going home?" she asked. "Oh, I reckon I'll stay a bit longer," he said. One of these times

A despatch rider on his motor-cycle rode into a sudden storm. He found that he was being gradually soaked by the rain and frozen by the wind, so he stopped his bike, took off his leather jacket and put in on again backwards to form some protection against the wind. The storm got worse, and on a particularly sharp bend, his machine skidded and crashed into a tree, knocking him unconscious. At the inquest, the truck driver who found him said, "I can't understand it at all, sir. He was OK until I turned his head the right way round."
