CLUB ETIQUETTE AND MEMORANDA

MEETINGS

The monthly General Meeting is usually held on the second Wednesday of each month at 8 pm. All members should endeavour to attend the meeting so as to keep upto date on club matters.

DRYCASTING

Casting is usually conducted on the first Sunday in the month. Here instruction is given to new members and a competition conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each General Meeting on the ensuing weekend. Signing on and weigh-in is compulsory and failure to do so may mean the loss of all points for that Field Day.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with Recorder within thirty (30) days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

If for any reason you intend to resign from the club, please send a letter of resignation to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Members may lose their membership if payment is in arrears for 3 consecutive months.

State Rock and Beach Fishing Championships:-

26th April - Preston to Myalup

FIELD DAYS 1986 - 1987:-

Please hand the enclosed Field Day selection form at the next General Meeting. If unable to attend please post same to club Secretary.

PRESIDENT'S COLUMN

Our January Field Day at Lucky Bay, Wago would have to be one of our most poorly attended Field Days I have been on for a long time. Members it is upto you all to make the effort and attend Field Days. All members have the right to make their Field Day choices at the April meeting, and when the last selections were made, there were more than 11 selections for that area.

Drycasting attendances have been poorly attended also, so where possible members come down for a good morning of enjoyable casting, it only costs \$2.00 for the morning - a good opportunity to improve your casting skills for when you hit the beaches to find the gutters and holes.

The February Field Day at White Hills saw a better attendance which was pleasing to see - we could still do with more on the Field Day. All members caught fish, which is what Field Days are all about. White Hills a good field Day area to consider when making your selections and is also close to Perth.

Socials for the last few months have been non existent. Your Social Organiser, Tony Richardson set out a small programme for events to be had, but when the time is near to run a certain event, the response Tony receives at the meeting is a possible 4-5 people who MAY attend. If you want to have a social function, we need more members to attend. This point will be brought up at the next meeting. All it needs from you the members is a big effort.

A.A.A. OF W.A. REPORT

Our two delegates George Holman and Eric Parker were present at the February Meeting of the above association along with 31 representatives of other clubs. The meeting was held at the Marmion Angling and Aquatic Clubs premises.

The Assistant Director of Fisheries, Mr. Peter Rogers was present and gave a talk (and accepted questions and gave answers) on a forthcoming decision to be made by the Minister for Fisheries regarding extra allocations on Salmon (an extra 7 tonnes per license) and Herring catches to the professional fishermen.

Mr. Paul Foster was nominated by this association for "Citizen of the Year" due to the work and effort he puts into angling and also State Chess.

The audit should be completed "in the next few days".

The State Beach Championships are to be held at Preston Beach on the last week-end in April.

Committees are to be formed for each of the various divisions to report on their activities at the delegates meeting in an endeavour to obviate extra discussion at the delegates meetings.

A motion was put, and carried, that the association pay \$1.00 per member (approximately \$500) toward the employment of a full time Secretary. The government is to put up \$10,000 and the balance of the income to be shared by Recreation Fishing Council, Trout Fishing Association, Sport Fishing Association and Scuba Diving Association. A trial period of 12 months was mentioned and the Secretary is to cater for the 4 groups in a 40 hour week. The Association is still continuing with our present Secretary (honourarium \$750).

State Drycasting Championships will be conducted on Sunday, 27th July 1986 at Yokine Reserve. Peter Wise, State Organiser, seeks the help of clubs and needs workers on the day and also late Saturday afternoon prior to the event.

The motion put by Bunbury Club to open the number of teams in each division that may be entered by one club was lost.

The club Champion of Champion events will be decided over the best 3 out of 4 events.

7

FEBRUARY CASTING REPORT

Seems like Brian Leicester's holiday hasn't done him any harm, as you can see from the scores. Welcome back Brian!

Welcome back also to Sharon Osborne, who promptly set about murdering the handicap she earned last season. Well done.

Queen George (Beth!), completed the trio of born again casters, and faired quite well considering her several years absence from the sport.

The highlight of the day was Peter Osborne's 35 in S/H accuracy in equalling the club record. (Looks like baitcasters are the answer)? Take a look at his position in the top ten now.

We'd better start practising for Queensland next year. Apparently the Victorians are getting stuck right into, and have promised to grind us into the dirt next time we meet (just like the banana - benders were going to do in Bunbury!). They are even taken steps to have AAA amalgamated with ACF (Australian Casting Federation) and have one common casting body controlled by AAA. Sounds interesting.

See you next cast.

KING GEORGE

REEL TALK

//

FIELD DAY REPORT - WAGO JANUARY 1986

Once again the surfcasters converged on Wago en-mass (10 members in 4 vehicles).

Conditions were less than idyllic with strong southerlies and grey sky throughout the weekend. Few good fish were hooked and even less landed.

Best fish for the trip was a 1.7KG Mulloway caught by Tony D'Alonzo. Tony also had a best bag of 15.15KG for which he worked extremely hard.

Sharon Osborne showed the rest of us the way with just over 9KG including a nice little Snapper which received nothing but distain from Peter. I know how you feel Pete. I went back upto Wago the next weekend and Jackie caught one just the same, right next to me. Several Sharks took baits but only one landed for the trip and that was a Tiddler. Most of the other fish caught were Tailor with several between 1.4 and 1.6KG.

Hope everyone got home safely.

FIELD DAY 15th/16th FEBRUARY '86

The weekend started out on a good note and may I say it ended on a good note too. No! thats not all of my report, you should be so lucky it was good to see a big turn up at the Sign-On. Good to see quite a few juniors and vetrans, I call them oldies.

The weather could not have been nicer for us this weekend and on a quick look around at all the fishing rods there, I could see quite a few Herring Killers e.g. Wands, flick rods and of course 3 or 4 George Holman specials.

After sign-on everybody made their way down to their favourite spots. Four vehicles camped at the point, three vehicles went down further to the second fence I think, and two cars went down to Preston Beach. After setting up camp and rigging up, some of us went down and started fishing. I had my George Holman's special, out and into the action almost immediately before long all those Herring Killers I was talking about were in action, and I think everybody had a lot of fun with them. It was good to see Jim Strong on one side of me and Bazil Marsh on the other side getting stuck right into the Herring, and of course all the others there were right into them as well. I was told that Dick Stevens using a G/H special got stuck into the Herring not long before they had to pack up. It was good to see him down there and see him do well. I'm sure he enjoyed himself as did everyone else.

At the Weigh-In everybody weighed in fish and by the look of it those Herring Killers did their job because there was approximately 465 Herring caught as well as some Skippy, Whiting and Silver Bream.

All in all, it was a top weekend weather and fish wise, and it was good to see everyone catch fish. There was 67.4 KGs of fish caught, well done.

Now thats the end of the report, so until next time we meet remember all fisher: n never die they just smell their way.
