For table bookings and any queries please phone Tony Richardson on 342-8447.

CLUB ETIQUETTE AND MEMORANDA

MEETINGS

The monthly General Meeting is usually held on the second Wednesday of each month at 8 pm. All members should endeavour to attend the meeting so as to keep upto date on club matters.

DRYCASTING

Casting is usually conducted on the first Sunday in the month. Here instruction is given to new members and a competition conducted to improve and maintain the standards of our members casting.

FIELD DAYS

These normally follow each General Meeting on the ensuing weekend. Signing on and weigh-in is compulsory and failure to do so may mean the loss of all points for that Field Day.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with Recorder within thirty (30) days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

If for any reason you intend to resign from the club, please send a letter of resignation to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Members may lose their membership if payment is in arrears for 3 consecutive months.

PRESIDENT'S COLUMN

Our Cottnest field day was one not to be missed, with over 200 Kgs. of fish caught by 25 happy surfcasters. Radar Reef provided all the action, with catches of Salmon and Yellowtail Kingfish. For further details refer to Joe's write-up in his "Field Day Report".

The State Rock-Beach Championships to be held on the 26th April '86 at Mylup, the surfcasters will be entering a team hopefully. Although we are not in favour of the venue or the times, our club will make the effort and attend. I hope this situation does not happen again in the A.A.A.

Don't forget members the Annual Dinner & Dance to be held on the 28th June '86 at the Wembly Lodge. So get those baby sitters ready and hope you can all attend.

To make the Annual Dinner & Dance a success we need you the members to come first of all then we must have the trophies for the winners of all our different sections. So if you can help out with a trophy, I will be most grateful.

Don't forget members that May is the start of our new season, both in fishing and in drycasting. Although the field day attendances have picked up dramatically this season, the same won't be said for drycasting. So next season I would like more members attending. This will give a lift to both the F.D.O. and D.C.O. and their job more pleasure than that of boredom.

FISH TALES

It isn't the size and number of fish we caught
It isn't the expensive rod and reel we bought
Nor the fact that we fished north of Triggs
With the most ingenious types of riggs
But the mates we made in Tom, Dick, Harry and Sam
That makes this fishing worth a dam.

PANTHER

Are you tired of frying and grilling fish Here are a couple
of recipes for pickled fish which you might find interesting.

BISMARCK HERRING (Can be made into Roll Mops)

Fillet Herring, spread with Australien mustard.
Boil 1½ parts wine vinegar with one part water.
Bay Leaves - 2 or 3 as to taste.
Add salt, black pepper corne for approx. 5 mins.

For Roll Mops secure with tooth picks and put in jars.
Place in casserole, a layer of fillets, a layer of
onion rings until filled.

Cover with fairly hot vinegar, seal and store for at
least 7 days - The longer the better.

MAJESTIC HERRING

Use Herring whole or fillets
Lightly salt and pepper - place in container, sprinkle
with mustard add 1 or 2 bay leaves, cover with mayonaise
toss to mix, leave in fridge for 2 days, toss frequently.

Regards,

TANGLES

GIVE THE FISH A SPORTING CHANCE

On the Rottnest Field Day there was an idea given by some of our members on their way to Rottnest! The report was that there were plenty of Salmon to be caught and the idea was instead of needlessly killing this wonderful sporting fish, why not have a system where by any Salmon caught were released, the angler concerned would get credit with an extra 3 kilos to his bag weight. So the angler could catch as many Salmon as he or she liked. This was an excellent idea and worked well, and also being what I think the most important thing is that it gave the Salmon a chance to live and fight another day.

I would like to thank those members who came up with that idea and didn't sit on it. So if you come up with a good idea, don't sit on it as it could work well like this one.

ROTTO FIELD DAY
12th - 13th APRIL 86

Being almost a permanent resident of Rotto nowadays, I headed down to the main jetty at about 10.30 am in search of familiar faces only to find that there weren't any on the two fast boats, and I thought to myself and said yeh what I think there are on the slow boats, as you can see your Field Day Officer has a small case of Rottnestites. Anyway I found myself a friend to talk as I waited.

Upon arrival it was good to see some familiar faces that I haven't seen on a field day for some time. As the gear was being unloaded, I was questioned by our members as to where all the Salmon were, so I told them what I was told by the locals that they where at the West End.

After sign-on everybody scattered in different directions, mainly Eagle Bay, Cathedral's, and Fish Hook Bay while a small group of us stayed around the hut for a couple of hours before deciding to go down and try Radar. By the way Radar was the only place the locals didn't mention anything about Salmon. About 4.00 pm while fishing for Herring, a nice school of Salmon moved in and they were biting on anything and stayed around for about half an hour before going. Just before dark the Salmon moved in again and being geared up with light gear we all had a lot of fun. Good to see young Brett Reeley catch two Salmon. Well down Brett.

Getting close towards dark a couple of us got busted up on light gear only to find out that the Yellowtail Kingies had moved in as well, so out came the heavier gear and we had Salmon on top and Yellowtails on the bottom, a fisherman's dream. A lot of Salmon were caught but few were kept most of them were released again to fight another day.

That night there was much rejoicing back at the hut for some of us, while others tried to blame yours truly for sending them to the wrong spots, but I stood firm, and for my troubles I was christened with about half a gallon of water while visitor Dennis was given the club initiation. That was closely followed by a recital by "Paster" Alan Stephenson. It was a good club gathering and we had a lot of fun and laughs. While this was going on Peter and Sharon were fishing at Fish Hook Bay and Sharon landed with a good seven pound Jewfish. On Sunday just about everybody weighed-in good bags of fish.

Once back on the main jetty I waved everybody goodbye. As for me I was left talking to self again, and self said lets go find your friend. You see what I mean Rottnestites can hit you at any time.
