Bring a friend to a Club activity

Please bring a friend, a relative, a workmate, neighbour or an acquaintance to a General meeting, to Dry Casting or to a Club fishing Field day. Let them know what the Club does, and let them find out for themselves some of the benefits of being a club member, particularly getting all those fishing and casting tips from experienced club members.

Show them your copy of Reel Talk and let them know there is a lot more about the club on the Club website <http://www.surfcasters.iinet.net.au/>

Reel Talk Editor, Terry Fuller

Field Days

Peter Osborne reported briefly on the September and Esperance Safari field days and the coming Field day at Cervantes.

Dry Casting Officer

Peter Pekaar reported on the October casting.

Property Officer

Ray Walker said there were still vacancies over Christmas. Timing for the work on the bathroom still to be confirmed.

AAA report

AAAWA President John Curtis has not been well and Vice President George Holman will fill in. A meeting was held 8 October to arrange State Dry casting at Yokine Reserve on Sunday 28 October.

George Holman commended John Curtis for the AAA report published in the Recfishwest annual report. Summary to be placed in Reel Talk.

AP GM10/12 #1

Social Organiser

Pat McKeown said some hats and jackets would be purchased, as published in Reel Talk.

Woolworths Bunbury has donated 10kg of sausages for the AAA State Dry casting sausage sizzle.

Recorder

John Curtis provided a report by email. Peter Osborne's 8.9kg mulloway capture at Kalbarri entry for section 3 in open competition has been noted.

Have received Species Competition applications from Slavka Schilo for a flathead and a pilch (yellow eyed mullet) which takes her species tally to 6.

Have received Species Competition applications from Victor Schilo for a snook / pike which takes his species tally to 3.

Town of Cambridge has proposed closure of the City Beach Groyne to fishing. Recfishwest has drafted a letter and has asked for support from AAAWA and Surfcasters. A letter of support to be drafted.

AP GM10/12 #2

John Curtis is compiling a list of all jetties and structures in W A that have been removed or have had access to them restricted within the last twenty years. This is being done in conjunction with Ellen Smith at Recfishwest and is being developed as part of a family fishing strategy.

Can club members please make a list of any fishing platforms that we have lost or have been denied access to. Any information would be appreciated, particularly from older members who can remember locations that they used to fish and now are not able to. An article to be placed in Reel Talk. **AP GM10/12 #3**

Recfishwest report George Holman reported on the RFW AGM, election of the new Board, and comments by the Fisheries Minister, Norman Moore. Terry Fuller is no longer a Board member of Recfishwest.

Reel Talk and Club website Up to date. Nothing special to report.

General business Victor and Slavka Schilo had some good fishing for bream in the Swan River.

Mal Head handed over \$130 donated by Mal Head and Eric Parker, the proceeds of the sale of burley cages.

John Crompton handed out some litter bags promoting road safety.

Notices of Motion None.

Raffle First prize won by Victor Schilo, second won by Allan Jones. Prizes provided by the Club

Meeting closed Formal meeting closed at 8:51 pm.

Instruction period Peter Osborne gave a talk on basic fishing rigs and gear.

Name tags All members, please wear your name tag.

Instruction period Treating stings, bites, etc. Shane Wignell.

Field Day sign on, fishing and weigh in times

Summer is coming with those long hot days. The proposed sign on, fishing and weigh in times for the next 2 months' Field Days are published in each Reel Talk. If you don't like any the proposed sign on, fishing or weigh in times because of the heat or whatever, there is plenty of time to comment or ask for changes. Contact the Field Day Officer.

If you are not able to be at the venue by the nominated sign on time, or need to leave early, for example for health reasons or other commitments, arrangements can be made for a late sign on, and possibly for an alternative weigh-in at the discretion of the Field Day Officer.

Reel Talk Editor, Terry Fuller

Fishing together on field days

The Club encourages members to fish together on Field days, and will help arrange this. However it helps everyone if members who want help or want to fish with someone, ask and arrange to go with other members. This can be done either before or during the sign on or at the previous General meeting or any Club event.

Check at the General meeting for arrangements and discussions about when and where members can meet to fish together locally in the metropolitan area.

Reel Talk Editor, Terry Fuller

November Field Day Cervantes (times changed)

Field Day report Cervantes October 2012

Synopsis. The October 2012 field day was spread from Jurien to Cervantes with the majority of persons fishing the Hill river area. Mixed catches resulted from these locations. Some persons, who thought they would fish locally, looked at weather on Saturday afternoon and gave it away based on weather and weed. In summary, for the field day location at Cervantes, particularly the Sunday morning, resulted in good catches of tailor and I have not seen so many smiles at the weigh in for a long time.

The Trip. The sign on at the Hill River car park was at 11 am Saturday 15 October with lines down at noon with fishing through until through Sunday with the weigh-in at 11:00 at the same car park. A total of 15 Anglers signed on. (George Holman, Pat McKeown, Greg and son Morgan Keet, Martin Wearmouth, Shane and daughter Sarah Wignell, Peet and Sandra Wessels, Victor and Slavka Schilo, Mark Hansen, Eddie and Debbie Korin and Peter Osborne.

Pat McKeown and George Holman tried the sandy point just south of the Jurien township. All was quiet during the afternoon but as dusk arrived, the tailor turned up. George tried for shark with a heavier outfit and before long he was on – but it turned out to be a ray. Here goes the low point of the weekend. George was turning the ray upside down to take the hooks out but did not distance himself correctly. The ray whipped its tail around and buried its tail spike in to the bone just above the ankle. Anyone that has been spiked by a ray will tell you the pain is excruciating. Pat took George to the local medical centre and after a wait for a nurse he was given appropriate attention, as for the majority of marine stings, hot water is part of the solution to relieve the pain. Hence George spent part of Saturday night sitting under a hot shower. This curtailed George's and Pat's fishing time but they did have some tailor. Despite the wound becoming more aggressive a few days later, you can't hold a good man down and George is now up and about.

Greg and his son Morgan tried the jetty at Jurien, but fish were scarce there. The usual pike showed up as well as a couple of herring. When they saw the tailor the rest of the members caught, they recognized they had chosen the wrong spot.

The rest of us fished from the mouth of the Hill River to Cervantes. Mark went to his usual spot, south of the river mouth, Black Point, but found it badly weeded and water brown from the weed run-off. He then went to the jetty at Cervantes and was the only one of us to get into some herring and a few pike. On coming back to the beaches south of Hill River on Sunday morning, he managed a good bag of tailor. He had good average weight of tailor and had the second heaviest bag overall of 5.9 kg.

The Wessels fished hard and both got their bag limit of tailor. Peet's bag had slightly heavier tailor on average than Sandra, plus he had some skippy, herring and a flounder, however Sandra's bag was heavier due to a couple of good skippy and some quality flathead. One of her flathead went 0.97 kg gutted – a really good flathead from the shore. Flathead tails are one of my favourite fish meals.

The Wessels know how to catch Tailor

Sandra's bragging rights - a 1.0 + kg flathead

Just to confirm that the womenfolk know how to fish, the Korins also had a good session on tailor, with Debbie getting a respectable bag of tailor of 4.48 kg, while Eddie's bag of also 8 tailor was 3.74 kg. Eddie, your lady is going to give you a run for your money with skills like that. Like the rest of us, some had much higher averages tailor weights and at least one much larger than others. Debbie managed to land, on average, the bigger fish.

However, while Slavka had a slightly heavier maximum size tailor than Victor, Victor's average weight of tailor was better than his wife's giving him a bag weight of 4.1 kg. There has been a friendly feud between this couple on field days since they joined the club, but finally Victor was able to show his wife how it could be done, albeit his bag was only 0.26 kg heavier than Slavka's. It's great to see newcomers to the club get their share of fish via a hot tailor bite, and able to enjoy some good fish dinners in the following days.

Martin Wearmouth also managed a good bag of tailor plus 3 skippy. One of the latter went 0.60 kg cleaned. He was trying to repeat an effort of 3 days earlier than our field day. With school holidays the preceding week, he took his boys up to Jurien. This particular evening, as a tryout for tailor, instead of fishing in his usual spots at or close to the mouth of the river he turned left at the car park and tried a beach further south.

Just before dark, he telephoned me and advised there were some weed, but with a balmy night, he was enjoying catching tailor. Apparently on finishing the call and settling down to get some more tailor, whack – a fish of a lifetime. When you catch your first ever pink snapper, it's not something you will ever forget. Of course he could not duplicate this on the field day – but what a fish. He managed to capture this fish a few days before the snapper /demersal closure date.

Continuing the man/woman fishing skills comparisons, Sarah Wignell had to relent and let her dad get a bigger bag of fish than hers. Traditionally she has out fished her dad by a fair margin but not so on this field day. Sarah had a good bag of 8 tailor and a good skippy, however Shane had not only a heavier bag of tailor, but some herring, skippy and flathead. Shane's bag at a total of 7.3 kg was the heaviest for the field day, plus he also had the heaviest tailor at 1.07 kg cleaned. Congratulations to Shane for this excellent effort.

Martin's 5.2 kg Pink Snapper caught 10 Oct before the Field day

Shane's biggest tailor – 1.1 + kg

Now my story goes as follows: - Following sign-on, on arriving at the mouth of the Hill River and getting my rod set up with mulie bait and into the water at 12:05 pm, I managed a tailor by 12:10pm. Continuing I had 5 species by a little after 1 pm. I thought that despite the wind and weed it looked liking shaping up to a good weekend. Not so, nothing much happened over the rest of the afternoon. Adding to the species caught by 1 pm, I managed odd skippy, whiting, herring, flathead (just size) and a good tarwhine all caught on 3/0 ganged hooks.

Then a few tailor and a pike just on dusk, followed by some interesting action starting at 8 pm just when I thought of giving it away. First hit, a mulloway, but at 48 cm it was just under legal minimum size of 50 cm.

Despite trying and wishing of getting into a good size mulloway I only managed a catch and release on another 7 mulloway, all between 42 and 45 cm. Gee they are a magnificent looking fish at this size, a perfectly shaped, polished silver specimen. With no size fish coming in I pulled gear up, had bite to eat and retired for the night about 9:30 pm.

The wind had dropped considerably on dark and the following morning, at sunup, (5:30 am) wind very light and nearly all the weed had shifted off the beach. I poured myself cereal for breakfast, then walked down and put two rods out with tailor set-ups. I turned my back to sit in my chair to have my breakfast and watch the rod tips. I didn't get to eat my breakfast until

an hour and a half later. As soon as I turned around and looked at my rods, both were rattling away. Boy did the tailor come on. Like all the others that were fishing the beaches south of me, we were really into a hot tailor bite. I immediately switched to one rod only as when the bait hit the water or no longer than a minute later there was a tailor bite.

It was great to have Surfcasters get into such a hot bite. Most had a bag of 8 tailor where the bag weights of tailor ranged from about 4.0 kg to 5.6kg. Review of the past few months show that Peet and Sandra Wessels and I tended to dominate catches, but this weekend the scores were very close and I can see some competition coming up with some of the newer members. As noted above, Shane Wignell had the heaviest bag and the heaviest fish, followed by Mark Hansen with the second heaviest bag of 5.9 kg.

The top ten fisherpersons are listed elsewhere in Reel Talk. The bulk of the points scored for each field day derive from the weight of the fish put across the weigh-in scales. As you are aware, attendance at the General meetings and field day attendance also give extra points, plus additional points are added for the number of different species. I managed to just scrape ahead of Shane on points only because I had 7 species, whereas Shane had 4, even though he had the heavier bag.

But close behind on points were Mark, George, Martin, Peet and Sandra, Eddie and Debbie, and Victor and Slavka, and then further down were Pat and Greg. Morgan fished hard but the venue chosen, Jurien jetty, was deficient of fish, however he did manage a good pike so he gets the Mini Junior certificate.

Sarah also had a good bag that was right up there with the top scores of seniors and like last month gets a well-deserved Junior Certificate.

Sarah is presented with her Junior Certificate and prize for the September Field day effort. She had a great bag, despite September conditions being more severe than in October.

As you can see, lots of smiles from Surfcasters as a result of a hot tailor bite on our field day weekend.

From left to right: Victor Schilo, George Holman, Greg Keet, Morgan Keet, Pat McKeown, Eddie Korin, Debbie Korin, Peet Wessels, Sandra Wessels, Peter Osborne, Sarah Wignell, Martin Wearmouth, Shane Wignell, Slavka Schilo

All smiles at the weigh-in.

We will be going to Cervantes again for the November field day and hopefully with less wind and weed all gone by then, all anglers should be able to more than duplicate fish caught from our October field day. Hope to see you at our November field day at Cervantes

Tight lines

Field Day Officer, Peter Osborne

Sportsperson of the Year winners for October 2012

Best scale fish	Shane Wignell	Tailor	1.07 kg
Best bag of scale fish	Shane Wignell	Mixed Bag	7.30 kg

Field day section winners for October 2012

Best scale fish	Shane Wignell	Tailor	1.07 kg
Best bag of scale fish	Mark Hansen	Mixed Bag	5.90 kg

Catch results and points for October Field Day

Angler	Weight	Species	Fish	Points
Peter Osborne	5.77 kg	7	16	177.7
Shane Wignell	7.3 kg	4	14	163
Peet Wessels	5.1 kg	4	13	141
Sandra Wessels	5.49 kg	3	12	134.9
Mark Hansen	5.9 kg	3	25	129
George Holman	4.78 kg	2	8	117.8
Martin Wearmouth	5.59 kg	2	11	115.9
Sarah Wignell	4.7 kg	2	9	107
Debbie Korin	4.48 kg	1	8	104.8
Victor Schilo	4.1 kg	1	8	101
Slavka Schilo	3.84 kg	1	8	98.4
Eddie Korin	3.74 kg	1	8	97.4
Pat McKeown	1.7 kg	2	5	87
Greg Keet	0.46 kg	2	3	74.6
Morgan Keet	0.13 kg	1	1	51.3

Points include Field day and October General meeting points. Species weighed at the Cervantes Field day were tailor, Australian herring, skipjack trevally, flathead, whiting (other), flounder, tarwhine and long finned pike.

Correction to points for September Field Day

Corrected the points for attendance on the Field day. No changes to weight, species or fish.

Angler	Points	Angler	Points	Angler	Points
George Holman	204.5	Pat McKeown	80.4	Peet Wessels	50
Peter Osborne	168.7	Geoff Raftis	59.7	Sandra Wessels	50
Martin Wearmouth	157.2	Victor Schilo	94.6	Mark Hansen	40
Sarah Wignell	119.4	Shane Wignell	92.3	Wendy Hansen	40
Slavka Schilo	119.1	John Crompton	50		

Field Day top scores for 2012/13

Total scores up to and including October Field day and General meeting. Competition Rules section 2.4.5 specifies only the best 11 months out of 12 will count at the end of the competition year. The winners will be announced at the Presentation of Trophies in June 2013, and adjusted scores will be published after that.

Name	Points	Rank	Name	Points	Rank	Name	Points	Rank
Peter Osborne	1152.9	1	Shane Wignell	255.3	11	Josh Gorrige	99	21

Victor Schilo	289.2	10	Debbie Korin	104.8	20	Allan Jones	20	30

Cervantes October 2012 Field Day

Cervantes was to be our first overnight “camping” field day. We had promised our grandson Zavier, that we would take him on this adventure. Not being “camping people” we approached this challenge with our usual over the top methodology. First things first, what do we need? We started off by purchasing a tent, then an air mattress, camping table, stove, kettle and most importantly an ensuite tent and toilet.

Having never set up a tent and knowing how difficult, following instruction sheets, I enlisted Zavier’s assistance in a trial run. If you ever missed seeing the Keystone Cops, you could have caught all the action on this trial setup. I fail to understand why it is so difficult to insert graphite poles into the correct sections of the tent. Finally the tent was up and to everyone’s surprise it looked similar to the picture on the box.

The loaded trailer, Victor, Eddie and Debbie

What else do we take and how do we fit all this into the X5? We needed my brother’s trailer. Now that we had the trailer, there was room for the ice box and Engel fridge/freezer plus anything else that may come in handy. Loaded up we looked as if we were moving house and not just going overnight.

We left at 6am on Saturday, picked up Zavier and off we went looking more like the Hillbilly Clampetts than two oldies taking their grandson fishing. Surprisingly the trip was very comfortable, we had breakfast at the Cervantes Road house and off to the Hill River car park. It’s just after 9am and there’s no one there. Are we at the right place? So I phoned George Holman to find out. Only to be told “No one will be there before 10.30”.

So that we could keep in touch, Slavka had exchanged phone numbers with Debbie and Eddie Korin and whilst I was on the phone with George, Eddie had left a message to say that they were in Cervantes. “Did you take the Korin’s phone numbers?” asked Slavka. Of course I hadn’t, so there was no way to return the call. Back to the road house we go where we run into Sandra and Peet Wessels and agreed to follow them back to the Hill River car park.

On arriving, we met up with Deb and Eddie and after the sign on, started looking for a place to setup camp. We drove up the north track where the X5 complete with trailer bogged in the sand. Luckily after letting down the tyre pressure I was able to get back on track. Picking a suitable fishing spot was a nightmare – weed everywhere.

We finally settled on an area where the weed was not too bad. Time to setup camp. Eddie and Deb had the ideal tent – it looked as if it went up by itself.

The wind was picking up and setting up our tent was a bit different from setting it up on the front lawn. Finally with a helping hand from Eddie we were nearly there. Needless to say the ensuite toilet was not put up, for it would have ended up in Kalgoorlie.

It was great to have Deb and Eddie camping next door and with the wind blowing a mini gale and the weed moving every time you looked at it, we decided to have a cup of tea.

Victor and Eddie setting up the tent

The wind gradually increased and it started to rain. The weed was getting thicker and it looked as if fishing was out of the equation.

At about 2pm I was ready to pack up and go home to a warm bed. But Zavier wanted to stay so stay we did.

Weed everywhere here

During the afternoon Eddie and I walked up and down the beach looking for an area where at least the weed was not as thick or wide.

At around 4.30pm we went back to the washed out boat ramp area where some locals were catching an occasional tailor.

Back to the camp, picked up the girls, Xavier and the fishing gear and finally threw in a line. It worked out to be a successful few hours with me landing 6 and Slavka 3 tailor.

Back to our camp, clean the fish, have dinner and off to bed.

I don't know if anyone has experienced trying to sleep on a queen size air bed but let me say it was an impossible task. If I moved, Slavka fell off and vice versa. The solution was to lay head to toe. Xavier had no problems in falling asleep he had his sleeping bag and mattress. Trying to sleep with the wind blowing a gale, the tent flapping all night made me realise why we were not "camping people". What a night, I could not wait for daylight.

The morning was a lot calmer and we noticed that Deb and Eddie were fishing back at the boat ramp. We rigged up and off we went.

Thankfully the tailor were on the bite and even Xavier landed a nice size tailor. Mark Hansen joined us and we soon had our bag limit.

It was great to catch up with everyone at the weigh in and hearing the stories of the night's catches. George recanted his unfortunate experience of being speared in the leg by a sting ray. We said our goodbyes and went our separate ways.

Xavier ready for the next bite

Once again I must say that one of the best things that we have done for a long time was to join this club. It has given us an opportunity to finally enjoy and share a hobby. Although sometimes I think that it's me sharing Slavka's hobby. All in all it was a great weekend with good fishing and best of all, great company.

The other thing that the weekend has shown is that apart from learning that one does not have to take everything including the kitchen sink, we are not cut out for tent type camping. In fact the tent, mattress and pump were sold on Tuesday.

Victor Schilo

Field Day sections 2012/13

Up to and including October 2012 Field Day.

1A	Best scale fish (1st six months)	Peet Wessels	Mulloway	7.8 kg	June
1B	Best scale fish (2nd six months)				
2	Most meritorious fish	To be awarded by Committee			
3	Best Shark (4.5kg min)				
4	Best Mulloway (2.0kg min)	Peet Wessels	Mulloway	7.8 kg	June
5	Best Tailor (1.0kg min)	Peter Osborne	Tailor	1.22 kg	Sep
6	Best Salmon (3kg min)	George Holman	Salmon	3.79 kg	Sep

Field Day sections 2012/13 Up to and including October 2012 Field Day (continued)

7	Best Skipjack Trevally (0.5 kg min)	Peet Wessels	Skipjack Trevally	1.42 kg	Aug
8	Best Mackerel (2kg Min)				
9	Best scale fish (other than above)	Sandra Wessels	Yellowtail Kingfish	4.72 kg	Aug
10	Best bag of scale fish	Peter Osborne	Mixed Bag	15.04 kg	Aug
11	Best bag of Mulloway (2 fish Min)				
12	Best bag of Tailor (2 fish Min)	Shane Wignell	Tailor	5.59 kg	Oct
13	Best fish on S/H rod 4kg b/s line (max)				
14	Best fish caught on fly rod	Frank Gaudin	Wrasse	0.54 kg	May

Open fishing competition 2012/13

The Open Competition is for fish caught other than on Club Gazetted Field Days, but not in any other AAA affiliated club event on the same dates. Entries for the Open competition close **30 days after capture**. See Competition Rules Section 4. Section listings have been updated to match the current Competition Rules.

Section	For	Minimum weight	Entry
1	Most meritorious capture	None	To be awarded by Committee
2	Best Shark	4.5 kg	
3	Best Mulloway	5.0 kg	Peter Osborne, 8.9kg caught at Kalbarri
4	Best Salmon	3.5 kg	
5	Best Flathead	0.5 kg	
6	Best Tailor	1.5 kg	Justin Rose, 2.2kg caught at Wilbinga
7	Best Samson Fish	5.0 kg	
8	Best fish on single handed rod maximum 4kg line class	Legal size	
9	Best Pink Snapper	2.0 kg	Martin Wearmouth, 5.2kg caught at Hill River
10	Best Tarwhine	0.5 kg	
11	Best Mackerel	4.0 kg	
12	Best Skipjack Trevally (southern)	1.0 kg	
13	Best Trevally (northern)	4.0 kg	
14	Best Snook/Pike	0.5 kg	
15	Best Black or Yellow finned Bream	0.6 kg	
16	Best scale fish other than sections 3 - 15	2.0 kg	
17	Best fish caught on fly rod.	Legal size	

Barron Lure competition 2012/13

The Barron Lure competition is sponsored by Eric Parker, who donates the trophies. Try Eric's poppers, you will not be disappointed.

The rules for this competition are the same as for the Club's Open fishing competition, plus fish must be caught on a popper lure, and a single fish cannot win more than one of the Barron Lure sections.

Heaviest Tailor on Lure.	Justin Rose	2.2kg Tailor caught at Wilbinga
Heaviest Salmon on Lure.	No entry yet	
Heaviest Scale Fish on Lure.	No entry yet	

Club shirts, polo jackets, badges and stickers

Current design. Club T Shirts \$30 for short sleeved, \$35 for long sleeved. Plenty of stock and sizes. Cloth Club badges are \$4.50 each. Vehicle club stickers are \$2 each.

Social Organiser, Pat McKeown

Jurien holiday and Field day

3 months ago I was wondering what to do with the kids in the school holidays and where to go for a few days, I decided to go to Jurien Bay for 4 nights so I called the Tourist Park and booked a chalet for 4 days.

On Monday 8 October we packed the car and headed for Jurien. I arrived about 2pm and unpacked the car. Thomas and Christian had found the giant bouncy pillow in the park and were having so much fun that we did not go fishing that day.

On Tuesday I managed to get them into the car and headed off to Sandy Cape to see if we could find a good spot. On arrival we headed south along the beach but the wind was so strong that it was unfishable. We did some exploring along the beach and some tracks hoping for a protected spot or the wind to drop, but after 2 hours I decided that the wind was not going away and headed home empty handed,

On Wednesday I decided to head south to Hill River. On arrival I headed north and found that it had too much weed, so went back south and found a spot with no weed. Started fishing about 5pm and by 7pm we had 5 tailor and 1 herring and the kids were wanting to go. I started cleaning the fish and had my line in after a few missed fish and lost bait, at about 7.20pm the line took off.

I jumped up and set the hooks to find quite a bit of weight on the end. After 5 minutes and the fish still pulling and shaking I knew this was a good fish. Another 5 minutes saw a 66cm 5kg pink snapper come onto the beach. To say I was happy would be an understatement.

Then I thought "damn, when does the demersal ban start?" I rushed back to the car and checked the guide, it started on Monday 15/10, so this fish was mine.

Martin's 5.2 kg Pink Snapper caught before the Field day

Last day, Thursday and I headed back to Hill River to try again, no snapper but got 6 tailor and 5 nice skippy.

Hill River is my favourite fishing spot!

We headed back to Perth on Friday morning and left the kids at home. Then on Saturday I headed back to Hill River for the field day. On arrival Shane and I decided to fish together and we headed south to one of the spots I had fished.

The tailor started biting at 3.30pm and the bait was taken within a minute of it hitting the water.

This went on for about 2 hours and I had to release about 15 fish after getting my 8. I did get 3 skippy and 1 flounder. On Sunday morning I got 4 more tailor and 2 huge nor west blowies.

Martin Wearmouth

Please wear your name tag at Club events

The heading says it all. New members and visitors will be grateful.

If you don't have a name tag, please make one or contact Secretary Eric Parker.

Update to Species Badge competition

The list of species registered to members has been updated for catches and entries during October. See also lists in earlier Reel Talks. Some members are close to the 10 species needed to qualify for a badge.

Name	Bream	Flathead	Flounder	Garfish	Herring	Yellow Eyed Mullet	Mackerel	Mulloway	Pink Snapper	Salmon	Samson Fish	Snook or Pike	Tailor	Tarwhine	Trevally	Whiting	Wrasse	Number of species caught
Martin Wearmouth	1	1			1				1			1	1		1	1		8
Debbie Korin													1					1
Eddie Korin													1					1

Recorder John Curtis

Dry Casting report 7 October 2012

We would like to thank all the members who come down early to help set up for the day's casting, especially Ron Thomas. Since joining the club, he is always there very early and most things are in place before the rest of us get there. Ron's energy toward dry casting is outstanding, and appreciated by all.

Eddie Korin was a SCAC Member in the mid-1980s and has now rejoined with his wife, Debbie, and they both cast with us on Sunday, as well as Jane Keet. Up until then Jane had been an enthusiastic supporter of her husband and children, and has done a lot of scoring and scribing for the Club. Visitors for the day included Filomena and Tony D'Alonzo, Mick Burgin, and Wilf Core. It was nice to see Chris Stickells back at casting after a brief break.

Whilst the day was pleasant, unfortunately we had to contend with a strong wind blowing from left to right across the court, which had a negative impact on the distances. However, if you were lucky enough to have been casting when the wind did turn around onto our backs for a brief period, you would have reaped the benefits and in some cases members were casting their 56 gram weights further than their 112 gram weights, to which both Peter Osborne and Dean Stewart can attest.

Our Club has produced another Champion with Morgan Keet not only breaking a mini junior Club record but also a mini junior State record in double handed accuracy with a score of 85 points out of a possible 100. This record was previously held by another SCAC member, Owen Williams. Along with Olivia Keet, these younger members are the future of all Clubs.

Top double handed accuracy score went to Terry Fuller with 163 points. Mal Head started well, scoring 82 points with his first four casts, unfortunately he went off the boil after that. Had Trevor Stam not been let down by a couple of casts, his double handed accuracy score would have been right up there. Having recently returned from hip surgery and nearly cutting off two fingers of his casting hand with a bench saw, Allan Jones won the single handed accuracy with 31 points, and was the only member to score a bullseye on the day.

Shane Wignell would have been pleased with his efforts, having personal bests in both the artificial bait and 112 gram events. The tussle continues between George Holman and Ron Thomas for the longest Veterans cast. While George won the 56 gram and the artificial bait, Ron took out the 112 gram event.

Well done to Terry Fuller for having the day's top score with 272 points.

Many thanks also go to Pat McKeown and Andy Thorgersen for organising the barbeque, and to Terry Fuller who does so much work for the club as well as collecting the day's takings.

I would also like to thank my wife, Marcia, as she assisted me greatly with editing and typing all my reports over the years with this great club.

See you all next month.

Dry Casting Officer Peter Pekaar

112 gram Open, 7 October 2012

Name	Cast 1	Cast 2	Best cast (metres)
Peter Pekaar	B/O	171.30 m	171.30 m
George Holman	155.85 m	153.28 m	155.85 m
Ron Thomas	148.35 m	147.25 m	148.35 m
Jeff Hewton	134.02 m	140.84 m	140.84 m
Peter Osborne	117.87 m	99.68 m	117.87 m
Morgan Keet	95.45 m	90.50 m	95.45 m

Traditionally, our Club holds a 112 gram Open at the October Dry Cast, prior to the State Championships. During the day, there was an expectation of some great casts, but by the time this event was held the wind had swung around to the south, which disappointing for those who stayed for the event. In reality our best casting was done in our regular events, although Jeff Hewton and Morgan Keet bucked this trend.

Peter Pekaar

AAWA report in Recfishwest's 2011/12 Annual Report

It is with great pleasure that I once again present the Annual Report of the Australian Anglers Association (WA Division) Inc., to the Members and Board of Recfishwest. The 2011/2012 year has again been an active year for members of the Association in Western Australia. The Association has taken a very positive approach to its operations and this year has seen an improvement in attendance at its Delegates' Council Meetings and at all State Championship Events. This has been due in no small part to the work behind the scenes being undertaken by a few hard working people and the Association has reaped the benefits of their efforts. Angling competitions in particular have produced excellent results with very good bags being presented at all three venues. Also the State Dry Casting Championships produced good results and had increased numbers of participants compared to previous years.

Last August some fourteen members travelled to South West Rocks in New South Wales to participate in the biennial National Convention and Angling Championships. Although they did not win any titles, they did win a lot of respect from other competitors for their attitude and approach to this event. The President and Senior Executive members of the WA Division also attended the Annual General Meeting and Special General Meetings held in conjunction with the National Convention.

One of the topics discussed by participants was the success of the introduction of recreational angling licences in New South Wales. All recreational anglers in NSW are required to hold a licence and visiting anglers are included in this. The funds raised are returned to the recreational fishing community in the form of improved angling facilities and boat ramps and the buying out of commercial licences. Initially not very popular with the recreational angling community, now everyone is very supportive of the move.

The next National Convention and Angling Championships are to be held in Caloundra, Queensland in August 2013. I recently attended the National Annual General Meeting and Mid-Term Meeting at Caloundra, Queensland and held discussions with other association members. A common theme arising in discussion amongst the Delegates to the Convention was the continued restrictions being placed upon recreational anglers through restricted access to fishing grounds and the impact of the very vocal 'anti-fishing' groups who seem determined to ensure that we can no longer enjoy our chosen sport and recreation.

It is anticipated that the Western Australian Division will host the National Convention and Angling Championships in 2017. Planning for this event is well under way and several locations are being considered. All States and New Zealand have indicated that they would be willing to participate in an event held in Western Australia.

Due to the State fishing regulations here in Western Australia, competitions such as this are now conducted on a species-based program that sees anglers targeting a wider variety of species and being rewarded for their skills and ability to catch various species. Anglers are also restricted in the number of fish that they are able to take during competition. This has been successfully implemented in all State competitions and many clubs are also following suit. This has proven to be very successful and widely accepted within the organization.

Administratively Western Australia is no different to many other organizations in that many people seem to believe that it will all just happen. There are too few willing workers for the amount of work required to be done. State, Divisional and inter-club events don't just happen and if it wasn't for the efforts of a few, the many would not have any events to participate in. I would like to take this opportunity to thank all of the people who have given their time and effort so willingly in performing often onerous tasks, as well as those sponsors without whom our events would not take place.

I would also like to take this opportunity to recognise the efforts of the Association's Recfishwest Delegate and Board Member, Terry Fuller. His tireless work behind the scenes has not only supported and assisted this Association, but all recreational anglers across Western Australia as well. Terry will not be seeking re-election to the Board of Recfishwest. His skills and expertise will be sadly missed by anglers from all persuasions. Thanks Terry for a job well done.

The Association has again been ably assisted in its activities during this last year by Recfishwest and we wish to express our gratitude to the staff and Board Members for their support and guidance. The CEO and Chairman attended a Delegates' Council Meeting and made a presentation to the Delegates on the future of Recfishwest and how it could better serve and communicate with its members. This informative presentation was greatly appreciated by the delegates.

In closing I would like to take a positive outlook and approach for the coming year. 2012/2013 is a year of opportunity and decisions for this Association. We can either remain the same and eventually wither and fall away or we can adopt and adapt to the changing conditions and improve the lot for not only club anglers, but for all recreational anglers in Western Australia. It is a challenge that faces us and we can accept or reject it.

John Curtis, President, Australian Anglers Association (WA Division) Inc.

Loss of fishing structures and loss of access to fishing structures

John Curtis, with his other "hat" of President, Australian Anglers Association (WA Division), is compiling a list of all jetties and structures in WA that have been removed or have had access to them restricted within the last twenty years. This is being done in conjunction with Ellen Smith at Recfishwest and is being developed as part of a family fishing strategy.

Can club members please make a list of any fishing platforms (including breakwaters, groynes and jetties) that we have lost or have been denied access to. I need this information as a matter of urgency. I have a listing of over twenty structures throughout WA with the majority in the metro area.

Any information would be appreciated, particularly from older members who can remember platforms and locations that they used to fish and now are not able to.

If there are any queries from members can they please contact me.

Recorder, John Curtis

Induction / information / training sessions

Several members have requested that there be some training sessions held for new members and include other not so new members.

The next session will be held on Friday night 23 November and other dates to be advised. The sessions will run from 7:30 to 9:30pm and will be held in the carport workshop at John Curtis' home in Padbury. John has taught a beach fishing class for many years at TAFE and has notes from that course as well as other equipment.

Invitation is open to any member of the club to attend on the condition that they indicate their intention at the previous club meeting, or by advising John in advance of their intention to attend. Groups will be limited to a maximum of 10 with no minimum number required to run a session. Members will need to bring their own pliers, cutters and a pen and notebook.

Can members wishing to attend please advise me prior to the event and also bring items as above.

John Curtis

First Aid treatment of snake bites

With warm weather upon us, our infamous snake population start to become mobile. Given the locations of our field days it would seem timely to review first aid treatment for snakebite.

It is a very interesting statistic that there is no recorded death in Australia from snake bite in persons who received appropriate first aid treatment. This fact emphasizes the importance of correct first aid treatment.

Snake venom exerts its effect by gaining access to a victim's circulation via the lymphatic system. This is a low pressure system which collects fluid from the tissues and transports to the general circulation. Once in the general circulation snake venom principally affects the nervous and blood clotting systems. First aid treatment aims at minimising the absorption of the venom into the general circulation.

Steps in first aid treatment of snake bite.

- 1. Remain calm.** Any movement promotes the absorption of the venom. Interestingly even movement of the other limbs can promote absorption of the venom.
- 2. Application of a bandage** to the affected area, usually a limb. Wrap the bandage around the limb commencing just below the bite site. The bandage should be wrapped as tightly as you would a sprained ankle. Too loose and it will be ineffective. Too tight and the victim will experience discomfort, cramps etc and start to wiggle their toes, etc. This will promote the absorption of the venom and render the bandage ineffective.
- 3. Splinting of the limb** will further discourage any movement.
- 4. Get help.** As suggested above it is of particular importance that the victim does not move. We therefore need to get help to come to the victim. At locations like Cervantes mobile reception is generally good and paramedic services not far away. Use them. If no means of contacting help then there may be no option other than to drive the victim to somewhere help can be accessed. If the victim is alone then the situation could become quite dire. Yet another reason why we should aim to not fish alone on field days.

A couple of don'ts.

- Don't try to catch or kill the snake. Obviously risky and the medical services have well organised procedures including venom detection kits to help guide anti-venom choice.
- Don't wash the bite site. Swabbing of the area can allow medical personnel to determine the species of snake.

In summary, a snake bite is a potentially life threatening situation in which timely and correct first aid treatment has been shown to save lives. The steps are straightforward and require no special skills. Remember that staying calm is of critical importance as is having on hand a bandage or two in your vehicle.

Shane Wignell

AAAWA numbers

AAAWA numbers for Club members are listed on page 22 of the September 2012 Reel Talk.

Each new member joining the Club will be allocated an AAWA number at the time of nomination into the Club when their details are added to the membership list. The number will be advised to the new member as part of the information pack supplied to him when accepted into the Club.

Reel Talk Editor, Terry Fuller

Calendar for competition year 2012/13

The calendar for the full 2012/13 competition year May 2012 to April 2013 is on page 18 of the April 2012 Reel Talk. A calendar for the next 3 months is published in each Reel Talk.

Reel Talk Editor, Terry Fuller

Bring a friend to a Club activity

Please bring a friend, a relative, a workmate, neighbour or an acquaintance to a General meeting, to Dry Casting or to a Club fishing Field day. Let them know what the Club does, and let them find out for themselves some of the benefits of being a club member, particularly getting all those fishing and casting tips from experienced club members.

Show them your copy of Reel Talk and let them know there is a lot more about the club on the Club website <http://www.surfcasters.iinet.net.au/>

Reel Talk Editor, Terry Fuller

Field day venues and boundaries 2012/13

"Away" venues and boundaries for the 2012/13 competition year were decided and confirmed by the members at the April General Meeting. Areas exclude any no fishing zones which may be within the boundaries. The full year's list is on page 16 of the May 2012 Reel Talk.

Now these away venues and boundaries have been decided and confirmed by the members, they will not be changed. The FDO will still have the option, on the day, with the agreement of the people who have signed on, to make changes to cater for unfishable or dangerous conditions on the day (eg high winds, huge swell or extensive seaweed.)

Local field days are run every month **except** when the main venue includes the metro area or when the main venue specifies closer or shorter boundaries in the metro area. Local field day boundaries are from Penguin Island sand spit to north wall of the Two Rocks Marina, including the Swan and Canning Rivers, the North and South Mole, and with fishing times the same as for the away field day. Full details for the coming 2 months are included in each Reel Talk.

Month	"Away" Venue	Dates	Distance / boundaries / details
Nov 2012	Cervantes	17/18 Nov 2012	<i>Medium.</i> 200 km. Jurien Marina north wall to south side of Cervantes.
Dec 2012	Restricted area local	15/16 Dec 2012	<i>Short.</i> Swan River upstream of Fremantle traffic bridge (includes Canning River.)
Jan 2013	White Hills to Preston	12/13 Jan 2013	<i>Short - medium.</i> 110 km. South wall of the Mandurah Cut to 2 km south of Preston Beach access.
Feb 2013	Cervantes	16/17 Feb 2013	<i>Medium.</i> 200 km. Jurien Marina north wall to south side of Cervantes
Mar 2013	Bluff Creek	2/3/4 Mar 2013 Sat / Sun / Mon long weekend	<i>Long.</i> 490 km. Dunsy Beach (about 15 km west of Albany) to as far as you can walk past the rocks at the eastern end of Bluff Creek.
Apr 2013	Capes South	13/14 Apr 2013	<i>Medium.</i> 310 km. Mouth of Margaret River to mouth of Blackwood River at Augusta.

Reel Talk Editor, Terry Fuller

Bookings for Kalbarri house in 2012

See the article on the inside back cover of Reel Talk. Members of clubs affiliated with the Australian Anglers Association WA Division receive a **20% discount** on the public rates for rental of the Kalbarri house.

The Club's Kalbarri house has bookings for the following dates, inclusive. Tenants will leave by 10 am on the last date shown and the property can be booked for the afternoon/evening of the day of the last date shown. All other dates not listed, all of December and all of 2013 are currently available. This list is at 28 October and does not include any bookings or changes which may have been made between then and whenever you read this. Contact Property Officer Ray Walker for bookings.

October	9 Oct to 15 Oct, 20 Oct to 31 Oct	November	1 Nov to 10 Nov, Bathroom upgrade work 11 Nov - end
---------	-----------------------------------	----------	---

Property Officer, Ray Walker

President's report for October

The months seem to fly by, and each month brings both good and bad events.

Cervantes Field day saw a reasonable attendance and as usual the weed was a factor, but we also experienced wind and rain on the Saturday afternoon. Some members nearly called it a day, but being true anglers they battled on and were rewarded with good bags of fish which saw smiling faces at the weigh in.

Sarah Wignell actually got beaten by her dad Shane. He even won the field day and caught the largest fish. Not bad Shane. I'm sure they will all be back there again next month. A few days before the field day Martin Wearmouth was fishing in the area and caught a nice pink snapper. You can't wipe the smile off his dial and he has surely got bragging rights.

I did my usual and messed up Pat McKeown's trip as he had to nurse me after a stingray speared my left leg with its barb. This happened at about 8 pm and we had to go straight to the medical centre and get the nurse to attend and fill me full of needles and antibiotics. I must admit the pain from the sting was very severe and it wasn't until I had hot water poured over the wound that the pain was reduced. I've now learnt we need to cut off stingrays and let them swim away. It is not worth trying to get the rig out of them.

Shane Wignell has consented to give us a talk for our next instruction period on stings, bites, etc and what to do and not do. Very appropriate for this time of year as all the snakes, mosquitoes and sunburn will be prevalent as well as hot weather problems. Thanks Shane.

Marcia Pekaar keeps battling away and John Curtis is slowly getting more active, but both have to take things slowly.

I noticed Debbie and Eddie Korin catch a nice feed of fish at Cervantes which was great to see. They are over in Melbourne at the moment visiting Debbie's mother and then bringing back a new caravan.

Speaking of caravans, Kaye and I have acquired a nice new shiny caravan too.

As I write this report a number of our casters are getting ready for the State Dry casting Championships to be held on 28 October. I would like to thank them all for their involvement and help in particular John Curtis, Ron Thomas, Allan Jones, Mal Head and Peter Pekaar. This makes my job easier and we were all set and ready to go by the Friday morning.

Thanks also to Pat McKeown, Ray Walker and Andy Thorgersen for organising eats and drinks for the day. I hope the results are in keeping with the work put in.

There is always plenty happening, but this will do for this month.

George Holman, President 2012/13

Win 1 year's free membership of the Club

The Committee has decided to once again offer free Club membership for one year to the winner of a raffle.

In the draw to be held at the Presentation night in late June 2013, all members who have been accepted into the club between July 2012 and June 2013 will be in a draw to receive 1 year's free membership, valued at up to \$120. The free membership will be the same type as they held in 2012/13, that is, single, or family membership, etc.

This offer is aimed at attracting new members to join the Club.

Reel Talk Editor, Terry Fuller

Bookings for hire of Club alternator

There are no future private bookings of the alternator by Club members, as at 28 October.

Reel Talk Editor, Terry Fuller

AAAWA State Estuary Championships

Will be held on Saturday 24 and Sunday 25 November.

Boundaries Cockburn Sound, Garden Island Causeway to a line between the northern end of Carnac Island and Woodman Point, as printed in the West Coast Recreational Fishing Guide brochure. Swan and Canning Rivers down to the Fremantle Traffic Bridge.

Briefing/Start Times: Registrations/Briefing 11 am (Team Captains only) 24 November 2012

Lines down 1pm. **Weigh-in** 11 am sharp on Sunday 25 November 2012

Both the briefing and weigh-in will be held at Cockburn Powerboat Storage, Woodman's Point.

Pre-registrations must be sent in by all participating clubs with AAWA competition numbers by 21 November 2012. It would be appreciated if individuals could register by Friday 16 November:

All nomination forms are to be sent to Jason Pember, 11 Bering Promenade, Canning Vale 6155, or to jason.pember@fpc.wa.gov.au or phone 9455 5337 / 0428 639 858

Bag tags are the responsibility of each Club. All participants must comply with the AAWA competition rules, West Coast species list (on the AAWA web site) and West Coast Fisheries Rules.

Species prizes will be awarded for the biggest Tailor, Skippy, Bream, Flathead, Whiting, and Herring. Spare species if no fish of one of the above species is weighed in is Tarwhine.

Details and forms are on the AAWA website <http://www.aaawa.iinet.net.au/EstuaryMain.html>

Don't forget the Demersal closure is in force.

Reel Talk Editor, Terry Fuller

Suggestions for field days for 2013/14

See the article "Deciding Field day venues" on pages 26 to 28 of the October Reel Talk.

It's November already. Preferably **before** the April General Meeting, we need to set the fishing Field Day venues, boundaries and dates for the May 2013 to April 2014 club competition year. Drycasting dates can be shifted to avoid field days, subject to the Yokine Reserve not already being booked by someone else.

We would like to publish a possible list, or at least a list of the suggestions, in the February Reel Talk, have some discussion at the February General Meeting, and then finalise the list at the February Committee meeting for the March Reel Talk, to be voted on by the members at the March General Meeting. That gives us a month spare to sort out any difficulties and means we are not forced to make a decision at the last minute at the April General Meeting.

Anything is possible, different / new venues, different formats, different rules, whatever, if the members will support them by going on those Field Days.

If you have any ideas, please put your suggestions in to the Committee, and list the venues on the coloured form included with this Reel Talk.

You are requested to nominate only those months and venues that you have a reasonable expectation of attending. These could be choices from local, close venues, or distant venues. The latter are generally tied to long weekends.

The Committee will use this information to recommend a set of venues that attracts and gives the greatest interest and potentially maximize attendance by Club members.

DO IT NOW, PLEASE!!! The current Competition Rules are available from the Secretary or see the club's web site <http://www.surfcasters.iinet.net.au/> for the online versions.

We don't want to have all the discussions and all the changes at the last minute at the April General Meeting. That's not the way to make good decisions.

Reel Talk Editor, Terry Fuller

Public and school holidays 2013/14

WA school holidays for Primary and Secondary students in Government schools in WA are:- (from <http://www.det.wa.edu.au/termdates/>) All dates are inclusive.

Saturday 6 July – Sunday 21 July 2013	Sat 28 September - Sunday 13 October 2013
Thursday 19 Dec 2013 - Sunday 3 February 2014	Saturday 12 April - Sunday 27 April 2014

WA public holidays, from WA Department of Commerce website.

http://www.commerce.wa.gov.au/LabourRelations/Content/Employers/Pay_rates_leave_and_conditions/Public_holidays_in_Western_Aus.html

Foundation Day	Monday 3 June 2013	Queen's Birthday	Monday 30 September 2013
New Year holiday	Wednesday 1 Jan 2014	Australia Day	Sun 26 Jan / Mon 27 Jan 2014
Labor Day	Monday 3 March 2014	Anzac Day	Friday 25 April 2014
Easter	Friday 18 April - Monday 21 April 2014

Future AAawa State Championships

AAAWA holds four State Championships each year. AAawa's competition year runs from 1 August to 31 July the following year.

- 2012/13 State Dry Casting, Sunday 28 October 2012, Yokine Reserve.
State Estuary, Sat/Sun 24/25 November 2012, Swan River / Cockburn Sound.
State Boating, Saturday 6 April 2013 from Ocean Reef (venue changed).
State Rock and Beach, Saturday/Sunday 1/2 June 2013, long weekend, S Bend.
- 2013/14 State Dry Casting, Sunday, 27 October 2013
State Estuary, Saturday/Sunday 23/24 November 2013, Blackwood River, Augusta
State Boating, TBA March 2014 Lancelin.
State Rock and Beach Fishing, 24/25 May 2014, Cape to Cape
- 2014/15 State Dry Casting, Sunday, 26 October 2014
State Estuary, Saturday/Sunday TBA November 2014, Walpole
State Boating, March 2015 long weekend, Ocean Reef. (Date added)
State Rock and Beach Fishing, March 2015 long weekend, Cheynes Beach

AAAWA Delegate, Terry Fuller

Drycasting dates proposed for 2013/14 - draft

These are mostly (9 out of 12 months) on the first Sunday of the month, except Fathers' Day or when the Field Day includes the first Sunday due to a long weekend. All dates still have to be confirmed.

5 May 2013	9 June 2013 (Note 1)	7 July 2013
4 August 2013	8 September 2013 (Note 2)	6 October 2013
AAAWA State Dry Casting	Sunday 27 October 2013	
3 November 2013	1 December 2013	5 January 2014
2 February 2014	9 March 2014 (Note 1)	6 April 2014

Note 1. Assumes Field Day is on long weekend. **Note 2.** September avoids Fathers' Day.

General and Committee meeting dates proposed for 2013/14

General meetings would all be on the standard second Wednesday of the month as shown. Committee meetings would be on Wednesday 1 week later.

8 May 2013	12 June 2013	10 July 2013
7 August 2013	11 September 2013	9 October 2013
13 November 2013	11 December 2013	8 January 2014
12 February 2014	12 March 2014	9 April 2014

Reel Talk Editor, Terry Fuller

Draft calendar for 2013/14

Spot any mistake(s), please. I need people to read and check all these dates. Please tell me if you find anything wrong or if **you think** something's wrong.

Note this **draft** calendar includes the "usual" weekend after the general meeting or long weekends for field days as a starting point suggestion, but the final dates will depend on suggestions and/or requests received. Some considerations are:-

12 May 2013 is Mothers' Day. The Club normally avoids scheduling dry casting on Fathers' Day and maybe the same should apply for Field Days on Mothers' Day.

Easter 2014 is Friday 18 April - Monday 21 April 2014.

		23 Presentation Night	25 AAA Event	? Night cast (TBA)
6 Dry Casting	13 General Meeting	12 13 Field Day	16 Committee Meeting	

Draft SCAC event calendar 2013/14 - Draft version dated 27 October 2012.

All dates still have to be confirmed.

Closure and fishing restrictions at City Beach and Floreat

The Town of Cambridge is proposing to amend the current fishing restriction at City Beach groyne to "No Fishing, including 50 metres north to 50 metres south of City Beach groyne, at anytime"; and to amend the current fishing restrictions at Floreat groyne to "No fishing - 1 November to 30 April, 6:00 a.m. to 7:00 p.m." Recfishwest has written to the Town objecting to this proposal. The Club wrote a letter objecting to the proposals, as follows:

Intention to make determinations; Town of Cambridge local government and public property local law - proposed closure of City Beach and Floreat Groynes.

The Surf Casting and Angling Club believes the proposal to completely close to fishing the area 50 metres north and south of the southern City Beach groyne, including the groyne itself, does not recognise that recreational fishing has a valid reason to use part of this area for part of the time.

The Club objects to this proposal and requests modifications which properly recognise that recreational fishing is a valid and socially valuable activity which must be given adequate recognition in the allocated usage of coastal resources.

The Surf Casting and Angling Club is a shore based fishing club. Our members have been fishing in the west and south coasts of WA for 60 years. We follow a Code of Ethics and common courtesy which recognises and respects the rights of other people we may encounter while fishing.

With the increasing population in Perth, shore based fishing in the metropolitan area is increasingly restricted by other users such as beachgoers, swimmers and surfers. Members have had to adjust their fishing times and many now generally fish at night or at times and in conditions when other users are not in or on the water.

People with physical limitations due to age, injuries and other conditions, young people and new or inexperienced fishers cannot cope with the wind or the surf on many beaches. Many cannot walk far on beaches and cannot stand and fish from natural rocky areas. They cannot fish at night and they need readily accessible and suitable places which extend into and above the water from which to fish.

There is only a very limited number of such places left where recreational fishers can fish in the metropolitan area, and each such place is very valuable to recreational fishers, particularly for daytime fishing. In particular the stretch of coast from Fremantle to Hillarys, a distance of about 30 kilometres, has very few such suitable places.

The Club believes in fairly sharing the coast and publicly funded facilities with other users. However we also believe that this sharing approach must be based on each group's needs and the availability of suitable places, and should also be followed by the other users who may have many suitable areas in which to carry out their particular activities.

The Club does not object to the principle of allocating priority uses for certain areas, however when this approach is taken we would expect that some areas would also be allocated for the priority use of recreational fishing.

With some limitations, the Club believes that all areas of the coast and all publicly funded facilities should be open to acceptable activities at all times when these areas are not actually in use by other users. Closures which prevent one group from using an area even when no one else is using or would use that area do not make any sense.

The Club supports the comments made by Recfishwest about and against this proposal.

In particular the Club supports Recfishwest's proposal for signage and allocation to fishing of 45 degrees each side of the end of the groynes.

Please contact the Club for any clarification. Yours sincerely, Secretary

The Australian Anglers Association also wrote a similar letter of objection based on the Club's letter. See <http://www.aaawa.iinet.net.au/SubmissionsMain.html#Platforms>

AAAWA Delegate and Reel Talk Editor, Terry Fuller

Social Organiser's report, October 2012

Hello fellow club members hope all is well?

This month has seen the committee order your new jackets and hats. They should be available very shortly maybe at the November meeting.

Things are going along smoothly at the moment all seems shipshape.

The State Drycasting competition has just been completed under somewhat trying conditions we had the lot thunder and lightning which called for a halt to casting. It did fine up and went smoothly after that.

Well done to George and his crew for turning on a good day.

We must make a special mention to Woolworths for their kind donation of sausages on the day. Il monies raised go back into the club.

A Big Thanks to Ray and his offsider Andy taking care of the BBQ and feeding the hungry hordes as well as quenching their thirst. Well done guys.

Don't forget the Christmas function. Bring along a plate. Eat drink and be social with your fellow members.

The gift on the night must not be fishing related and cost under \$3 so put on your thinking caps.

That's about all from me at the moment. See you on a beach somewhere in the wonderful world of fishing.

Social Organiser Pat McKeown

Happy birthday to

Bob Klein, 2 November

Ric Parker, 17 November,

John Crompton, 17 November

Shane Becu, 22 November

Wayne Shaw, 24 November

Terry Fuller, 29 November

Martin Wearmouth, 30 November

Kalbarri House for rent

The Club owns a house in Kalbarri which is ideal for a fishing holiday in the area. Access to the famous fishing spots at Wagoe, Lucky Bay, Port Gregory, etc is just a short drive away via the bitumen road.

The Mallard Street house has easy access to the river, beaches and town. It has two reverse cycle air conditioners to keep you cool in the summer months and warm in winter. It has two bedrooms and will sleep up to eight (max) in 1 queen sized bed and 3 new commercial grade bunks.

Users need to bring their own linen, blankets and towels, tea towels, etc. It has a high definition LCD television, DVD/VCR, stove, oven, microwave, crockery and cutlery and all cooking utensils, washing machine, fridge and chest freezer. The bathroom and shower will be rebuilt in September.

Outside has a fish cleaning facility and a full width verandah. There is plenty of fenced parking space for cars, trailers and boats behind a gate. Rates are:

Off season	Short term (min 2 nights)	\$100 per night for 2 people	\$20 per night per extra adult \$10 per night per extra child	\$100 bond
On season	Short term (min 2 nights)	\$120 per night for 2 people	\$20 per night per extra adult \$10 per night per extra child	\$100 bond
	Weekly rates	6 times daily rate as above		

Surf Casting and Angling Club members

Off season	\$200 per week	On season	\$300 per week	} \$100 deposit/bond
Short term	\$60 one night	\$50 per night (two or more nights)		} plus \$60 cleaning

Members of clubs affiliated with the Australian Anglers Association WA Division receive a **20% discount** on the normal public rates.

Contact Property Officer Ray Walker on 9313 4196, mobile 0414 925 538 for more details and for bookings, location of keys etc., or email the Club on surfcast@inet.net.au Check in time is 2pm. Check out time is 10am.

See 14 photos on the Club website <http://www.surfcasters.inet.net.au/KalbarriHouseMain.html> If any work needs to be done in, on or around the house, please contact the Property Officer for approval.
