EDITORIAL:

Hi members,

On behalf of the Club, Committee, congratulations are extended to Pinky and Philomena Too on their recent marriage. Best wishes for the future to you both.

Sorry to hear our long standing member, Ted Horsley, has not been well. We all hope you will be back amongst the ranks soon Ted.

Welcome to May Griffiths, Eddie & Rosemary Korin and children, to the ranks of the Club. Also to Dick Stevens who has now received his badge, as did Ron Wintle.

A good time was had by all at the Ten Pin Bowling Night held 19th September at Morley. It was great to see the large attendance. Several couples went to the Sun On Restaurant for a Chinese meal afterwards, but about 15, mostly with kids in tow, came back to our place for take-a-way Chinese etc. with the restaurant crowd coming back for drinks, coffee etc. later. The last to leave departed at 3 a.m.

Keep in mind members, the cricket match to be held Sunday, 22nd November; see Social Report. Your support is required, and a great time assured.

A group of members will be going to Kalbarri to do some maintenance work on the Club House weekend of 20/21/22nd November. The bookings are going very well for the House. Members must get in early if they require the cottage for a holiday, as the weeks are snapped up quickly when publicised in the paper.

Members who have not paid their subs are now overdue. Please forward your cheque to Ron Wintle at your earliest convenience; it helps save the paperwork and phone call costs.

Thanks go to Dick Stevens for a good write up on his recent trip to Steep Point and to Laurie Cook for the Estuary Championship write up.

I will be asking someone else to do a write up at the October Meeting - members are interested in reading of your excursions.

Good fishing and Good health,

Les Holman, Editor.

P.S. Offshore Angling Club are holding a Cabaret on October 24th... anyone is welcome. Cost \$12 per adult, \$6 Juniors. Ph. 4016247 C.Newcombe.
Also, new Club Badges are now available at \$2 each should you have lost your original one. Naturally, new members get theirs free.

SOCIAL NEWS:

Many thanks to May Griffiths for all the help at last Meeting and to the West End Cake Shop for the supply of cheese, biscuits and liquid refreshments.

Coming Events.....

SUNDAY, 22nd November.. CRICKET MATCH
Starts 12.30 p.m. - 6 p.m. finish
At KEENMORE RESERVE, Balga.

SUNDAY, 13th December.. CHRISTMAS PARTY for Kids
At MANNER HILL RESERVE, Peppermint Grove
Starts after weigh-in on OPEN Field Day
BRING own gifts for FATHER CHRISTMAS to hand to kids to the VALUE of \$5.00.

BARBACUES will be available for those who require them. ICECREAM, LOLLIES & SOFT DRINKS for kids.
Don't forget flick rods for single handed competition.

ANNUAL DINNER DANCE.....

19th JUNE, 1982 at Wembley Lodge
(Regal Room) with round tables

Tickets will be on SALE around the end of January.

A great 2 hours was had by all at TEN PIN BOWLING in Morley. A few professionals but mostly amateur but the fun was in trying.

Sid Whiting came out tops on the night with a score of 194. Congratulations Sid.

Many thanks to Lesley for having the crowd around after bowling, it finished a great night off.

Socially yours,

Terry

FIELD DAY REPORT: JULIEN BAY:

Greeted with light winds and sunny weather made Julien field day a pleasant one.

Some of us tried to follow Brian Leicester to Kingie Bay, but soon found out he didn't know where he was going and ended up going around in circles.

When Shayne Smith and myself finally found Kingie Bay, everyone had their feed of fish, tailor, and of course Tony D'Alonzo had a Mulloway.

Brian Leicester had also landed a large Sting Ray which gave him a run for his money. Bit later on in the night, Alan Carr took off the Heaviest Scale Fish, an 11.15kg Mulloway.

About 10.30 p.m. we saw Tony D'Alonzo run into the water and back out with his second mulloway.

He finished up with the Heaviest Bag of 31.45kg (37 tailor and 2 mulloway). well done Tony.

Sharon Osborne got the Ladies Heaviest Bag of 5.65kg.

Junior Bag was taken by Heather Osborne, 4.65kg.

JURIEN BAY FIELD DAY:

When packing for an overnight field day, the amount to be taken is almost as much as would be needed for a full week, excepting for food and bait. Although the E.H. wagon was packed and looked as though there were 4 to 5 people going, the truth of the matter was there were only two, Dick Stevens and myself. When packed we set off in search of the scaly creatures of the sea. The weather was perfect and the company great and a good time was assured. The trip to Cataby was made in good time, but we were disappointed not to find those "Regular Members" breasting the amber fluid bar. With not a single familiar face to be seen we pressed onto the tanks at the track and to our amazement not a sole in sight. As Dick had not seen the Jurien Township for several years, we acted like tourists and completed a comprehensive tour taking in the famous sites of both jetties and the local store in 5 minutes. Dick was most impressed with this vast metropolis and sat stunned unable to speak. On returning to the sign-on area we began to wonder whether or not we had the right weekend or not as there was still no-one to be seen. Suddenly our thoughts changed as Brett Lukey and Shayne Smith screamed to a halt alongside. Soon another vehicle appeared coming out of the track and our mouths began to water as we learned from the occupants that there were plenty of fish in the Kingie Hole. It wasn't long after that, that most of those attending the field day arrived in force. It was nice to see so many new members and visitors on the field day. Once signed-on we penetrated into the wilderness along the track heading for what was to be a good time. As it had been several years since I last travelled along this track, I was not sure of all the turn-offs. Pulling up at what I considered to be the North Head track I stopped Tiny (knowall) Parker following, who assured me that the next turn-off was to North Head. Sighting the next turn-off we continued on for we were heading for the Kingie Hole but instead found myself at Sandy Cove and eventually halfway to Green Head "LOST". Retracing our steps we were met by others also lost. Reaching the Kingie Hole turn-off we pressed on eventually finding a group consisting of the Osborne's-Carr's-Parker's mob-visitor Brian Needham and son, set-up drinking coffee. Dick and myself set up our camp on the other side of the track, opposite Pressy Parker keeping the track between us as we are aware of the loud noises he is capable of producing throughout the night. Once settled we rigged our rods ready for the promised onslaught to come after feeding our faces and quenching our thirsts, we threw on our packs, gathered our rods and headed for the beach only to find Tony "The Ding" D'Alonzo already fishing in the beautiful clear glass green water.

The wind was from the South West and gathering strength, by late afternoon it was quite strong. Tony was first to strike blood with a reasonable Tailor followed by a nice malloway which he caught while the sun was still high in the sky. Tailor were being caught all along the beach, when suddenly yours truly hooked into something quite large, after playing it for sometime, I finally bought it to gaffing and everyone, including myself, were disappointed for it turned out to be a stingray and quite a large one at that. Tiny Parker sank the gaff into one of the flaps and was almost pulled into the surf as the ray made its final run. Once the hooks were removed the ray was released back into the surf to fight another day. As the night drew on, the fish went off the bite so we decided to head for camp and a good cock-up leaving Tony fishing on the beach. After our meal we went back onto the beach and fished

JURIEAN BAY FIELD DAY CONT'D:

for another hour with no result so we retreated to the camp for some shuteye leaving Tony still fishing. Between the snoring and the "Bloody Mesquitos" the night was long and cold.

The birth of the new day found members scattered along the shore of the Kingie Hole catching good size tailor. The fish were doing their part as they swam back and forth along the beach allowing all members to catch a few and keeping everyone happy. After breakfast and packing the car we headed for the weigh-in. with everyone waiting for the F.D.O. to show many pleasant stories were exchanged. After being kept waiting for sometime, Tony F.D.O. Richardson turned up being driven by John Reeley, both looking like rich Yank tourists in shorts and no shirts with thirst which would put a camel to shame. After relieving Tiny of two cold cans the weigh-in got under way. First to the scales with good Tailor and a nice Mullet was Alan and Brody Carr, a protest was immediately lodged on the method Alan used to procure the Kingie, but the protest was quickly dismissed. "Ask Alan for his secret method of catching Kingies".

Many good bags were weighed in, but they were made to look small as Tony D'Alonzo weighed in 38 Tailor and 2 nice Mullet, "a fine bag Tony", well done. Then it became the F.D.O's turn to weigh-in and out of his bag came a half-a-dozen or so reef creatures and was rubbished something cruel. Further embarrassment came when Tony realised he was out fished by most of the juniors. With the weigh-in over most members headed for home satisfied and happy being apart of a successful field day, while others stayed on to enjoy Tony D'Alonzo's cheese and "ding" sausages.

MOTION put by Sharon Osborne:
Seconded by Laurie Cook.

"Distance records for the L.L. distance events of 112g, 56g and artificial bait be kept for the ladies division for those ladies casting from the official base lines on official casting days." Carried.

"For the '82 year for Sportsman of Year points the following was put by S. Osborne, seconded L. Cook that-
"on the 1st day of each casting event of LL Distance of 112g, 56g, and artificial bait every lady caster, casting over 80 metres from the base line receives 2 points and for casting days after this 2 points for each time the ladies distance record for the year is broken in the L.L. distance of 112g, 56g and artificial bait." Carried.
(to be held over till next year).

CASTING REPORT: SEPTEMBER 1981:

Members were down a bit on the usual, with some of the members away at Steep Point, including D.C.O. Graham Reeley. That left me running the day- thank you Terry Willison for helping me out.

New faces:- Ken Jones and son Derek- good to see you.
 Alan & Brody Carr - likewise.
 Eddie Korin brought his tribe along.
 Welcome Rosemary and kids.

Casting conditions were good with a slight North-Easter restricting distance a bit.

Jester Leicester "first" again with 64 and 31 in D/H and S/H accuracy, giving him an unbeatable lead- his final score was 158.

The Osborne kids are starting to give Mum a bit of a hurry up- look out Sh aron. and poor old Peter, set some kind of record for break-offs (3 out of 4). Back to the drawing board Peter.

Second on the day was Hewie whose 56 in D/H accuracy came in handy. Third was yours truly, due to some steady casting in the distance events. Well, I hope to see a few more along next time- see you there.

Dear Members,

First of all I would like to welcome our new members to the Club and wish them all the best.

Your new committee have settled in and got down to the task of running the club affairs. Peter Osborne, our Secretary, has continued on the fine work from the previous year. Our New Treasurer, Ron Wintle, although becoming Treasurer first and then a new member of the club, has been keeping a watchful eye on the clubs finances. John Reeley, our new Vice President and Librarian, is in there giving a hand and advice where needed. Tony Richardson our past and present F.D.O. is carrying on doing a fine job. Graham Reeley has continued on as D.C.O. and is always around to give a helping hand on drycasting days. Terry Willison, a new committee member has been set the task of looking after our club socials and with his social committee, we look forward to some pleasant social outings. Laurie Cook, our Recorder, is always ready to accept your record applications and help with any fish identification problems you may have. Les Holman, our second woman on the committee, has got down to work on publishing our Reel Talk. Our Property Officer, George Holman, is keen to receive bookings for the Kalbarri House. See George for further details. Our new Immediate Past President, Brian Leicester, is always around to give advice and has helped make my job easier. Brett Lukey and Sid Whiting our new A.F.D.O. and A.D.C.O. respectively, have settled into their jobs. The clubs two A.A.A. Delegates, George Holman and Laurie Cook, are busy looking after the clubs interests at the A.A.A. Meetings and report back to the club on matters concerning our club.

Last, but not least, Bob Klein, our Auditor, has again made his services available when required, thanks once again Bob.

The above is a short report on your committee and how we are running but to be a good committee we must have ideas. One avenue for this is comments from you, the general members. If you have something to say in maybe changes or adding to club functions, stand up and let your committee know about these things so they can be acted upon.

The last point I wish to raise is, where possible, support all club functions whether being Field Days, Drycasting or Socials. By doing this, the more members we have in attendance generates a great deal of satisfaction to those who take the time and effort to run these events for you, the general members of the S.C.A.C.

Ric Parker,
President.

MEMBERS MAY BRING VISITORS TO GENERAL MEETINGS

REMEMBER CRICKET MATCH, NOVEMBER 22ND.

STEEP POINT: SEPTEMBER LETTER; BY DICK STEVENS:

The first story belongs to George Holman. Sure, Tony D'Alonzo's fish is an honourable chapter, but everybody saw George's right from the start. Took a Snook bait on three Tarpen 7.0's from a float 150 yards out and went like a rocket.

"It's a-blank big mackerel" said Tony R. "Jeez mate", said Graham, "Look at the bloody line you've got to get back".

George, never at a loss for words, said "Goodness me", thumbed the reel and watched the float heading straight for Rottneest.

About half a mile out he turned it and wound like a thresher 'til she turned again, still deep, and ran along the cliff base.

Graham ("She's right mate, I've been down before") flew down the cliff face and kept the line off the snags.

George pumped and she surfaced, green and fighting, long as a table, escorted by a sail-fish with dorsal fin flying.

"She's a yellow-tuna, you bloody beaut!"

Exit sail-fish: enter shark, submarine size, ghosting along behind and below. Vanishes.

"Two more runs and she's mine; she's about blanked" says George after 35 minutes rock-hopping and assorted prayers.

Re-enter shark: 39 minutes gone. She sounds, then... then nothing. George reels in. 40 minutes.. clean bowled.

That's the way of it. Theory is shark drove her under the ledge for dinner. George is philosophical. Caught his first Cobia, all of 600g! Anyway, he finished with five Spanish Macks (one at 22kg and from a \$10 Rappale lost next cast), a yellow-tail kingfish and millions of other fish plus losing a rig to a 200lb cod recovered for him next day by two skin-divers with the bait still intact. C'est la vie.

Tony's catch. Ah, yes. He'd stayed alone on the ledge while we went back to Gibbon Hole. Just about to go and check on him when he comes over the top wet as a shag. Dumps his gear and one or two bald-chins.

"Nothing much there" he says; then vanishes.

Five minutes later he's back, bent like a millers grandfather, under a bloody great fish. Cobia, that's what. 18.6kg (41lb). Played it for God knows how long on 3 Tarpan 5.0's before jumping in chest deep to gill it onto the rocks. Can't swim, you know. Definitely not recommended, especially if you're uninsured; but what a way to go.

wouldn't you know he caught the first fish of the trip: damn great schnapper, about 5 kg, looked a bit like a slice of watermelon- and, later, a Samson fish, big as half a water ski, at night, in the dark, below the Point. Magic.

There's more. Buthow to tell! Tony Richardson's three macks, all Spanish, one 19.5kg on three 5.0's from Gibbon Hole, and schnapper to blow your mind. More magic.

Graham Reeley, who has got to be the best and most willing rock-hopper this side of the black stump. If there's an award for schnapper he'd win it- no worries.

STEEP POINT: SEPTEMBER LETTER CONT'D:

Ron Wintle, first trip, all new gear. Mitchell 499, 65185 Alvey on an ST7168. He'd "Ironed out his problems at dry casting". Still had frustrations to begin with but stayed with it. Landed a bald-chin then a chinaman ("Can't eat those bloody things") and, then, brought a beautiful 8.5kg (18.7lb) Shark Mackerel to T.R.'s gaff. A gamefish badge for sure. First trip remember. Marvellous.

The whole story is too long. It is more than fish caught or lost. It is the trip, the sweet air. The ocean, "bright jewelled" as the poet says. The freedom. The sun.

Above all, it's the blokes you go with, mates and fishes all, who are willing, unobtrusively, to give knowledge, help, gear and advice to a novice.

To them:

"Yes, I'm okay. Thanks for having me along. And for trips like this may we live a thousand years".

.....

ESTUARY CHAMPIONSHIPS:

Well Surfcasters did not win the competition but did deserve 100 points for trying. The team consisting of myself, (Captain), Brian Leicester, Terry Willison, Peter Osborne, Brett Lukey, Shane Smith, and Lofty Griffiths as Reserve. Fished most of the night to record very little result.

Shane and Brett caught some Cobbler at Claresmont Jetty (the only weighable fish).

Late Saturday night we all ended up at Mosman's to witness the best fight and landing of about an 8lb rock and a coke can both catches being credited to Brian.

It seems the winter rains and the time of the year were against us as far as fish catches were concerned. Next year I hope to see these Championships held at a different time of the year or even another location may be looked at!

I would like to take this opportunity to thank all those members who participated and gave us all a night that was not only humorous but very interesting and enjoyable.

Thanks again,

Laurie Cook
