AUGUST GENERAL MEETING:

President, Brian Leicester, presided over the meeting and opened proceedings by welcoming one new member- Burke Flynn (son of Ron & Colleen). Although Burke had a broken arm, he proudly accepted his badge etc. A hearty welcome to you Burke, we hope your arm will soon be on the mend. A welcome also to our two visitors- Rob and Neil Gray. Hope we see more of them.

Tony gave details of last Field Day which was a wash-out. But on a brighter note the coming Field Day to Rotto seemed popular with approximately 30 members nominating their intention of participating. We saw five proud members, namely Barrie Waddams, Paul Houghton, Wilf Core, Kim Jury and Andy Tuvik, receive their Game Fish Badges. Congratulations fellas. I have a feeling that Barrie Waddam's Black Tip Shark, 12.6kg, could be a Club Record, but will have to wait for verification from our Recorder.

Our A.A.A. Delegates, Peter Conroy and George Holman, gave details of levy as proposed by A.A.A. The amount mentioned at this stage is \$1.00 per head. There were very strong feelings on the way A.A.A. presented their assessment of moneys spent on projects over the past twelve months. Whilst I'm sure everyone will agree, assessment of moneys required for the coming year or years can only be an estimate, the last year's expenditure should, nay, must be accurate. Bob Klein moved a motion that delegates, on behalf of the Club, suggest that the \$1.00 levy be on Senior Male members only. This money would then become our affiliation fee and would be payable annually, only after a copy of the A.A.A. Financial Report is presented to our Club. Motion passed. These two delegates were upset with the lack of guidance they received from you the members, over this and other issues, and personally I agree with them 100 per cent. They are your delegates, you voted for them, for a job you didn't want. No matter what your feelings on the body they report on, at least give them support and when asked, give guidance on which way to vote. Remember their vote is for this Club.

Ken Jones gave details of arrangements and materials purchased to date for Kalbarri House. It was decided to use Monier Steel Tiles for roof which will take expenditure to approximately \$1.600 so far, which is what was originally budgeted for. Ken is still seeking a roof carpenter, painter, drivers, cook and general hands, so, if available, please give Ken a ring on 3674992 (evenings). Ken has done a mighty job and put a lot of effort into this project. The job is planned for the weekend 22/23 September.

The \$2.00 was won by Pinky Too and donated to Building Fund.

Lofty Griffiths capped off the evening with some of his films, a mixture of old and new. Cape Cuvier before and after the cyclone, that demolished part of the Salt Works Jetty. Hotel Quobba, that's the shearing quarters where we stayed. If you want to build a freezer, ask Lofty. He has close ups of all of them. Field days at Wago, Lucky Bay, Kalbarri and what a roll-up they had in those days, and plenty of fish also. A film on Drycasting and social outing in 1961. Quite a lot of familiar faces with shorter hair cuts, but a noticeable lack of Alvey Reels, all overhead. I even noticed Bob Klein, I didn't realise he went to drycasting! Altogether, a very enjoyable instruction period. Should be more of them, Thanks Lofty, well done.

PRESIDENT'S REPORT:

Any clubs existence rests upon its members eagerness to fulfil a roll on its committee. Our club has been extremely fortunate in the past to have members vying for all positions which have become vacant. At our recent election of officers I was bitterly disappointed in the members lack of interest and it was only the goodwill of those members who are now serving that this club has a full committee.

Remember members you owe it to the club to do your bit. I realise that there are quite a number of members who have already served on committee, but this does not make them ineligible to stand once more, for, as everyone knows, a good committee should consist of both new and older members to give stability and a more even flavour throughout the club.

Remember you can only get out of a club what you put in. So at the next election please think about the things you have just read and fill in a form and become a committee member and have a say in the running of the club. I promise, you will reap large rewards.

CASTING NEWS:

Congratulations must go to all those members who successfully gained a position in the clubs Casting Teams. I noticed a few new names which will be representing the club for the first time, we wish you all the best. Our Juniors should give a good account of themselves as I noticed they all appear to be casting extremely well. The Ladies team will give the competition a good shake as they gained good experience down at the South West Championships. However we wish all those participating all the very best, and hope they bring home the bacon.

KALBARRI HOUSE:

The project of building a new roof on the Kalbarri house is progressing and is planned for construction in September.

TROPHIES FOR 1979-80:

Members are you considering becoming a trophy donor this year? If so, please see me and I will be only too happy to take up your offer. Remember you may stipulate where the trophy is to be allocated, either in the Fishing Competition, Drycasting Competition or Open Section. Senior Mens, Senior Ladies or Juniors. I realise this is soon after the Presentation Dinner Dance, but, I would like to get them in early instead of leaving it to the last minute. You may wish to donate a particular type of trophy or just cash for the President to purchase trophies from a wholesaler. This I leave for you to decide.

FUND RAISING:

To keep up with our monetary commitments, this year, will see a lot of fund raising activities, please get behind these activities as much as possible. Remember you will also benefit by participating. Hew Hoy Hew our newly elected Social Organiser informs me he is drafting up a list of events for your enjoyment so get behind Hewie and join in the fun.

A.A.A. INFORMATION:

George Holman, has held many positions within this club in the years of his membership, and always sleeps, drinks and eats S.C.A.C. He is always on the lookout for ways to present our club to the general public. George has now seen fit to assist us by taking an evermore active part in the running of the A.A.A. by nominating for the position as Vice President for that body. I know he will keep our interests foremost in his mind when decisions are to be made. George, we wish you every success in your new role as Vice President.

SOCIAL NEWS:

The following is the Social Calendar for the coming year so make a note of the dates and keep them free.

Saturday, 27th October	<u>DANCE</u>
Sunday, 11th November	<u>PICNIC</u>
Saturday-Sunday, <u>15/16th December</u>	<u>OPEN FIELD DAY</u> , combined weigh-in <u>plus Christmas Party</u>
Saturday, <u>23rd February</u>	<u>GAMES NIGHT</u>
Tuesday, <u>22nd April</u>	<u>QUIZ NIGHT</u>
Saturday, <u>21st June</u>	<u>ANNUAL DINNER DANCE</u>

There has been a suggestion that we hold a Golf Day, (Sunday morning event), as a social event. Possibly March of next year. We would like your thoughts on this, by phone or at next meeting please.

.....

KALBARRI HOUSE:

Bookings will, after existing bookings expire, be in periods of not more than six months in advance. No booking will be accepted unless the required deposit is paid.

We will require a light truck, approximately 1 tonne, to carry surplus gear and tools to Kalbarri on our working bee. If any member can help please ring Ken Jones 3674992 (evenings).

.....

ATTENTION MEMBERS.

We welcome and encourage you to bring your friends to our meetings and venues, BUT REMEMBER, visitors are permitted to attend no more than three (3) times in any one year.

.....

Two Sioux Indians were fishing, when one of them reeled in a beautiful mermaid. He looked at her for a few seconds, then threw her back into the water.

"Why?" said his friend.

"How?" replied the other, with a shrug.

FIELD DAY REPORT: ROTTNESST: AUG. 11/12:

After some light, overnight showers, Saturday morning arrived bright and clear and by the time Andy Tuvik and myself had arrived at Fremantle, most of the happy band of anglers were already loading their gear into the luggage cages. (Some of which would have been better employed by imprisoning some of our rowdier members that had taken occupation of the cocktail lounge on their cruise from Perth). The gear was stowed on the ferry and whilst most of the members boarded the vessel the rods were loaded under the close scrutiny of George, Ric and Peter.

With the ferry under way the majority of members (and visitors) joined the afore-mentioned group in the cocktail bar where Wilf Core put the screws on for \$1 a head for the beer and after some scrutinous head counting, finally settled on about \$20. This amount being replenished at least another two or three times by the time we docked (so much for our discount on the fares).

Soon we were on the bus and after picking up Brian Rowland & Len Singleton from the local watering hole (to get ice?), we were under way again, heading West, dropping off a couple of parties on our way, at their selected spots.

The West end soon resembled a fishing camp with two large tents been set up in the scrub and about ten anglers in the hut, with the familiar "porcupine" of rods scattered all over the area.

Some members then went fishing, whilst others were still intent on punishing their livers and having a bit of lunch. Most made their first assault on Radar Reef with Hewie, Pinky, Alan Carr and his mate heading out to Cathedral Rocks. The action was slow on Radar with only Ric Rowland (tailor 2.75) and a few herring, being caught by most members. By about 4 o'clock the general consensus was that it was time to change spots and soon there was a mass exodus down to Cathedral to join the others. The tide was down to the extent that the walk to the outer reef did not even wet the knees. On the way out there was a cry of which I am certain some members are now all too familiar with, "Pinky's On" and with cold, machine like purpose he proceeded to land "another" Buff (he finished with at least ten, some of which were of considerable proportion considering he was using very light gear). The skipper we were all hoping for hardly made an appearance with only about half a dozen being caught and your's truly hooked a salmon which rattled his gills a couple of times then despatched the hooks "no more action tonight lets go back".

The evening was spent with the usual merriment with more than one flagon of the "body warmer" being consumed, much to the regret of a couple of people who were quite jovial on the night but didn't feel too frisky when they woke next morning.

In the morning, everyone again went his own way with results being little better than the previous evening if at all. There was however a bright note, our learned Treasurer, Barrie Waddams, discovered a new way to catch sharks, it appears all you have to do is wait for them to swim up on the reef and then you jump on them with your size twelve hob-nailed boots (he got two, so it must work). N.B. These were only small leopard sharks, it still has to be proven on white pointers and big whalers, so if you get the opportunity and live to tell about it, your results would be appreciated by Barrie.

FIELD DAY REPORT CONT'D:

The bus and ferry rides home were uneventful and as you will see by the results, the weigh-in was almost the same, but, as I promised last month, the results were better. My thanks for the co-operation of all who attended and we look forward to seeing you all again next month at Jurien Bay.

Tight lines,

Tony & Andy.

P.S. My predictions of the month:- If you didn't catch anything this month, you won't do any worse next trip, I promise.

AUGUST DRYCASTING REPORT:

Having seen the bad weather at 6.30 a.m., I wanted to go back to bed as the weather was cold and wet. However, 30 hardy club members braved the conditions to front up to cast on what turned out to be a very good day with no rain and some very high scores.

Graham and myself set out the lanes with the guidance of Keith who was glad and yet sad I think, to hand over the duties of Casting Officer to us. Thanks must go to Graham for keeping all the gear at his place as my workshop wouldn't allow all that equipment as I've run out of room.

Keith showed us he has something up his sleeve with good scores in L.L. Distance but was shown the way home in his pet event S.H. Accuracy. Graham Reeley, what are you doing, 34 points, that's about 1 off the record hotly followed by Gary & George on 31 points. Andy Tuvik headed George in D.H. Accuracy with a fine 64 points and seems set for a great year- I hear he can catch fish too?

Poise, grace and control is the only way I can describe "Poppa Sun" Hewie as he casts his way to yet another L.L. Distance top placing. How easy you make it look with a style developed over many years of casting. It's this event that is keeping Hewie on top of the Seniors to date.

Two young blokes in Phil and Alby were at it again chasing each others scores with Alby taking honours this time. Why not have 2-bob on the Open event and make it more interesting?

Greenie got done like a dinner with "Killer" proving master of the day. Seems you have been paying out a bit lately Den. Try practising (my hint) and you might beat him some day. Speak of practise, Winner of the Day, G.H., took 1½ hours off Saturday arvo to "chuck" a few, ironed the bugs out and showed us the way with a fine 141 points, well done George.

Gordon Tomsitt read this well. Kath and Joanne had their best day for the year. Why wasn't you there to help them? Overheard Joanne saying as she scored a near bull that, "I wouldn't have done that if Dad was here". Seriously though, I understand you were working and should be with us next cast.

Graham and I extend our best wishes to the team's for a successful cast at the State teams on Sunday, 26th August. Why not come along and give them moral support, it is generally a good day seeing some excellent casters in action. Also check out the "Chinaman" targets AAA use. We should have some new targets of this type compliments of K.W. in action soon.

I look for support from all members to take part in casting in September, haven't seen some of you for ages, so dust off the rods with a friendly days cast and remember part of the pot is for club funds and the rest is yours.

Next cast, 2nd September, open event is D.H. Distance plus Novelty cast D.H. Accuracy- prize of spinners compliments of Rudy Lerch.

See you then.

Peter Conroy & Graham Reeley
