## CLUB ETIQUETTE

2

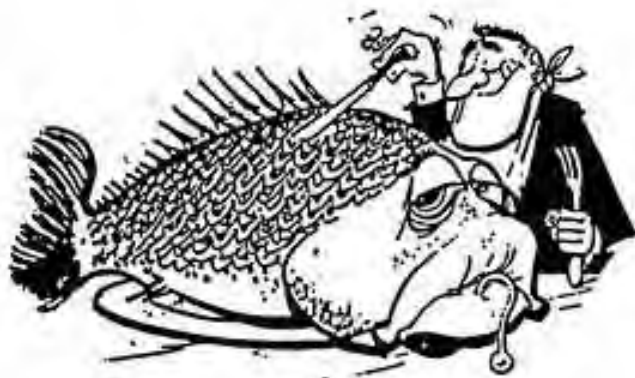

### MEETINGS

The monthly GENERAL MEETING is usually held on the second Wednesday of each month at 8pm. All members should endeavour to attend the meeting so as to keep up with club matters.

### DRYCASTING

Casting is usually conducted on the first Sunday of each month. Instruction is given to all new members and a competition is conducted to improve and maintain the standard of our members casting.

### FIELD DAYS

These normally follow each general meeting on the ensuing weekend.

Signing on and weigh-in is compulsory and failure to do so may mean the loss of all points for that field day.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with the recorder within 30 days of capture.

### GENERAL ETIQUETTE

If you intend to resign from the club a letter of resignation should be forwarded to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Arrears of 3 consecutive months may cause forfeiture of membership.

### COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

SWEETLIP

## **SURFCASTERS THE WAY WE WERE**

Basil Marsh  
Club Librarian

An ex-member of Surfcasting and Angling Club, Tommy Smith, has provided a number of Reel Talk magazines going back many years. They make interesting reading and I shall, over a period of time, re-produce in condensed form, items of interest and field day reports.

### **OCTOBER 1961**

General meeting held in the National Fitness Council Pavillion, 58 James Street, Perth. The previous month committee meeting was held at the residence of Casting Day organiser, Allan Burnett.

Club Blazers with cloth pocket badges could be bought in Perth for 7.7.8 (\$14.78). September dry casting at Floreat Park attracted 26 members. Top casts were J. Bellam 1148ft, W. Bridger 1087ft, N. Knight 989ft. (Three casts - total distance). For the October casting day, members were to travel to Pearce Aerodrome and it would include a family picnic day.

### **September Field Day- Garden Island:**

Members attended 38

Total weight fish capture: 167lbs

Heaviest Scale Fish: 8lb Salmon

Heaviest Baq Fish: 28lbs

Tailor up to five and a half pounds were caught. Snakes were encountered on the island. Seven new members were accepted into the club.

Basil

**PRESIDENT'S REPORT SEPTEMBER 1987**

The August meeting saw a good attendance of members, possibly the best for quite some while. The most pleasing feature of the evening was that we welcomed and accepted four new members- Colin Exley, Mick Lawman, John Elliot and Robert Calabrese- a trend I would like to see continue.

The first comment I would like to make is about our "Reel Talk". Congratulations to Bob Bartley on his first effort. It has created a lot of very favourable comment and I'm sure it will be looked forward to each month from now on, particularly if members themselves make the effort and contribute articles of interest without Bob having to chase them up.  
**"GOOD COMMUNICATION IS A GREAT ASSET TO ANY CLUB."**

It's definite, we have got a delivery contract on the telephone directories thanks to the efforts of Sid Whiting. The first delivery will be in mid September and the other will be in December. It will gross around \$800.00 and in each instance should be done in a day if all the members come forward and make themselves available.  
**BE PREPARED.....AND WE WILL ALL BENEFIT FROM THIS**

The "NIGHT OF NOSTALGA" at the October meeting has been enlarged upon. We are now going to make it available to all ex-members of the club and the night will take the form of a brief meeting, a talk by some of our senior old members followed by a social night and supper. Members are asked to bring a plate of goodies along for supper. Any member who knows an ex-member of the club may invite them to attend as long as they let a committee member know so as we have an idea of numbers for the night.

I mentioned the importance of reading the club "Reel Talk" so that we get the necessary information and this month I committed the cardinal sin in not reading our magazine to check our weigh-in time. For some reason I thought that weigh-in time was 1pm and didn't check. Heath and myself fished Burns Beach on the Sunday morning and we were home before 11am cleaning our gear and putting it away when yours truly finally thought to check the "Reel Talk". By this time the weigh-in time was over and I had a good kilo of fish. Serves me right!!!!

It seems that we have two "champs" on the drycasting scene. A few months ago Beth Whiting won the State Ladies Title and now Sharon Osborne has won the Australian Ladies Drycasting Title in Queensland. I know how hard Sharon has worked in her endeavour to win the title and for her to achieve this goal is to her credit and richly deserved.  
**CONGRATULATIONS SHARON FROM US ALL**

7

An interesting discussion was held at our last meeting about our forthcoming social year and we certainly have something to look forward to. Leigh Clifton has a lot of projects he is looking at and with your support we will certainly enjoy ourselves and of course benefit.

See you all at our next drycasting morning ....Graham would like to see you all there also.

## FIELD DAY REPORT

15-16TH AUGUST

### LOCAL GROYNES AND BEACHES

#### SEA AND WEATHER CONDITIONS.

calm with light winds and a cold but clear night with light cloud and a half moon. Tides on Saturday were .9 and .6 metres and on Sunday were .9 and .5 metres.

Tony Richardson graced us with his presence at the field day as he was in Perth on business. Good to have you up here Tony. Eric Parker and company headed down to Cockburn Sound and fished the ASI Groynes. They bedded down overnight there as well. John Reeley and family went to Yanchep and managed to get a fish before turning up at Hillarys. Most areas were tried with almost total nil results. The Holmans fished Sunday morning but mistimed the weigh-in by two hours which was unfortunate as George would have won the amount of fish he had landed. It was a pity that some other members didn't come down and give it a try as the conditions were very nice.

We'll keep up the enthusiasm as the next field day is Rottnest and this always proves an entertaining and rewarding trip.

Tight Lines

Ian Cook

Assistant Field Day Officer.

**FIELD DAYS 1987 SEASON**

JULY	1987	YALLINGUP
AUGUST	1987	LOCAL GROYNES/MOLES
SEPTEMBER	1987	ROTTNEST
OCTOBER	1987	GREENOUGH
NOVEMBER	1987	LONG POINT
DECEMBER	1987	PRESTON BEACH

JANUARY	1988	WEDGE ISLAND
FEBRUARY	1988	WHITE HILLS
MARCH	1988	BLUFF CREEK
APRIL	1988	ROTTNEST

**ROTTNEST ISLAND**

**ROTTNEST:** Beginning from its eastern-most point: **Natural Jetty:** Renowned for year-round tailor fishing, can be fished in any wind except due easterly. High tide brings dangerous rips on "jetty" itself (really a low-lying reef promontory), but then baits can be cast from shore on either side of reef. Good also for skipjack, herring. South-east **Hickley Beach** for sniker fishing at night for big tailor, salmon, mullet, sharks. **Thompson Bay jetties:** Herring any time in May and June. Night fishing all year for pike, herring, cobbler.

**Bathurst Point:** Herring, pilchard and garfish off sewage rock, avoided by many because of effluent outler. On the point is a high cliff overlooking a small, deep bay, with steep climb to waterline rock ledge; good for herring, garfish, skipjack, tarwhine; tailor at night. **Lighthouse rocks,** spots for night tailor and pike fishing; flat rock for herring, garfish. **Basin Bay,** east point for night tailor fishing; basin reefs for morning and evening tailor, skipjack; occasionally salmon. **Geordie Bay** eastern rocks ideal for fishing on easterly wind for skipjack, herring, garfish. **Geordie Jetty** and west rocks for herring, garfish in day; herring, tailor, pike at night.

**Parrakeet Bay:** Rock fishing for herring, garfish, skipjack. **North Point:** Deep, rocky bottom for occasional jewfish, groper, kingfish, king george whiting, skipjack, herring, big tailor. **Little Armstrong:** Herring, garfish, small skipjack. **City of York Bay:** Good winter spot for skipjack, herring, garfish, tailor. **Riley Beach:** Night beach fishing for salmon, tailor, sharks; day reef fishing for salmon, tailor, skipjack, king george whiting. **Abraham Point:** Skipjack, herring, garfish. **Celis Rocks:** Very deep water, potential jewfish, groper, shark, sea kingfish. **Mable Cove:** West side of cove, deep fishing for possible jewfish, groper, surface for herring, garfish, skipjack.

**FIOLOHENA NOMINEES**

ALL FORMS OF:  
CONCRETE WORK  
MOSAIC FLOORING  
WALL & FLOOR TILING

Ring: Tour 8'aloara  
328-4361

**Eagle Bay:** East side for herring, garfish, skipjack; west side for reef crayfish on low tide, deep holes for jewfish, sharks, groper, big tailor.

**Fish Hook Bay:** Groper, skipjack, herring, salmon, garfish, off waterline rock ledge at western point; flat rocks for herring, skipjack, salmon in belly of bay. **Radar Reef:** Popular reef fishing spot for tailor, salmon, skipjack, herring, sharks, pike, groper, jewfish, kingfish, king george whiting, steep cliff climb. **Wilson Bay:** Low tide reefs for night crays; herring, skipjack; steep cliff climb. **Mary Cove:** Excellent on north wind; tailor, salmon, skipjack, king george whiting, pike, herring; best fishing around high rock headland. **Green Island:** Jetty of herring, garfish, eastern end reefs for tailor, big skipjack, herring. **Salmon Bay:** Shallow sandy beach, favourite haunt for schooling salmon. **Salmon Point:** Good skipjack pools. **Parker Point:** Anchorage; herring, garfish, sand skipjack, whiting. **Henrietta Rocks:** Favourite herring haunt; also garfish, skipjack. **Jubilee Rocks:** Another favourite herring haunt. **Rottneest deepses and game fishing:** Dealt with in other sections of Sandgroper's Guide.

THIS PAGE IS DEDICATED TO  
THE CAMP CHEF.

All contributions will be  
considered by the editor.

**OKAY!!**

*We have now had  
2 Recipes from  
the editor.*

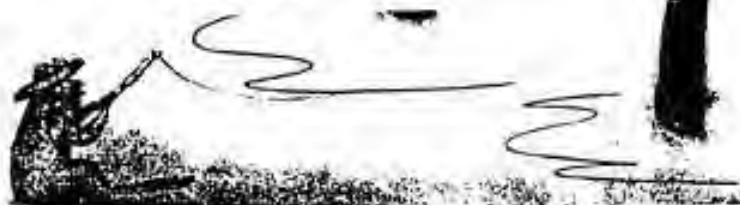

*How about  
you imaginative  
people having  
a go!*

**BARBECUED EMU**

Take 1 young hen — stretch neck.  
Remove some feathers for decoration.

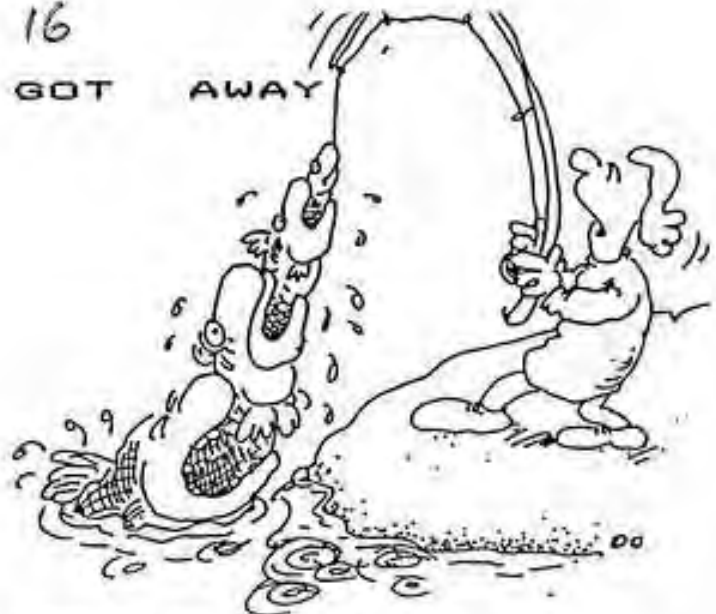

Have prepared a goodly-sized hole of white ash and coals.  
Place bird on same, and cover with green boughs.  
Cook until feathers gone and skin golden brown.  
Rub with mallee (green) roots to remove quills.

Serve to old men and dogs, then the women and kids.  
**DELICIOUS!**

THE ONE THAT GOT AWAY

TONY'S SAGA

The guy I am working with down here had some friends over from Melbourne last weekend. They were very keen scuba divers and we yarned about fishing etc when we met on the Friday. On the Sunday they were out diving near one of the offshore islands when suddenly, they were confronted by A WHITE POINTER estimated to be about 15-17feet long. The guys were about thirty metres from their boat and at the mercy of this monster. It swam around them for about ten minutes becoming more and more agitated. On several occasions it came so close to them that they had to physically push it away with their hands. They slowly and eventually made it back to their boat and just as the second one climbed into the boat the shark came from under the boat and brushed his flippers.....

END OF ROUND ONE

ROUND 2: Monday morning the two divers, Mal and Howard, came around to our factory to tell the tale and to look for "recruits" to go out and do some "BIG GAME FISHING" .....they didn't have to ask me twice. Firstly, we had to get some tackle (I wanted to use my gear, futile but fun, but these guys were serious!)

The tackle was arranged thus:-  
I sealed a 44 gallon petrol drum anchored to the bottom on 100 feet of nylon rope attached to approximately 200lbs of railway line. Attached to the 44 gallon drum was 15 feet of heavy chains shackled to 30 feet 1/4 steel cable shackled to a forged hook about size 30/0 then to a slick going to a burley bomb which was attached to the 44 in the form of a 4 gallon drum of blood (from the local abattoir), fish oil and some fish from my freezer. Having secured all the gear (courtesy of the Esperance Port Authority) all we needed was bait- we couldn't find a volunteer scuba diver so we settled for a cow's head (no bull) once again courtesy of the abattoir. We were ready so it was down to the boat:-

**SHOCK!! HORROR!!**

We were going after a great white shark in a sixteen foot boat. Stupidity soon overcame fear and we were on our way. It took about 20 minutes to get to "the spot" and once there it was obvious I was the only one who hadn't seen "it". I was delegated to rig the line and set it over the side while everyone else stayed rooted to the centre of the boat. The line was set so we left with no sightings.....tomorrow would tell.

ROUND 3: As is they way with the weather here conditions blew up overnight and were not suitable for a 16 foot shark dinky so the kill was off and it was back to work for me. The conditions continued much to our disappointment but on the Thursday Mal managed to con a ride with a pro fisherman, George Greaves ( a gentleman I believe Dick Stevens will remember). Unfortunately there was only room for two and so I missed out.

**THE CLIMAX.....ANTICLIMAX?**

They arrived at the spot to find nothing- no drum, no cable....nothing. They searched for two hours before giving up.

So if you see a 44 gallon drum being followed by a four gallon drum approaching your reef stand, try and grab the hook it is worth \$18.00

**CONSOLATION**

The boys went out fishing with George after the search and caught 140 snapper to 12lbs and 7 sampsons 35-45lbs.

Best wishes to all Surfcasters,  
The South Coast Connection,  
Tony Richardson.

# FOR SALE

An ex-member and friend of Surfcasters, Trevor Stam, has some fishing gear to sell. Listed below are some examples.....

650 ALVEY \$30.00.

Reels of Line.

Powergraph "BARRA" Boat Rod.  
(Near New) \$60.00.

Rod 413A \$25.00.

SPORTEX 525 \$25.00.

Waders G/C \$30.00.

There are a lot more items for sale and all are in good condition.

Phone Trevor on 349-2172

**GENERAL GARDENING**

PRUNING & SPRAYING  
GARDEN CLEANING AND RUBBISH REMOVAL

ALL JOBS GUARANTEED  
ATTRACTIVE RATES  
SPECIAL RATES FOR PENSIONERS  
FREE QUOTES
